

## Need Further Work On The Town Hall, New Roof Required

Improvements to the town hall basement and auditorium were authorized by by-law at a meeting of town council Monday evening. Councillor Joseph Dales, chairman of the property committee, also recommended either a new roof or repairs to the roof of the building before the interior work is started.

Mr. Dales said that the present roof is in poor shape, that timbers on the roof tower on the hall have deteriorated. He warned that the tower is unsafe and that in his opinion, there was a danger of it falling. Repairs to the roof would cost around \$500, he said.

Members of council favored spending the money on a complete new roof. Town Engineer Denno Bosworth estimated that a new roof would cost about twice as much as the repairs.

Councillor Dales said he would bring in a report at the next meeting and a price on a new roof. He said that it was hoped that the work on the roof could be done at the same time the approved interior work on a new ceiling in the basement and auditorium renovations was being done.

"There is no use in doing the interior work unless work is done on the roof," he said. "Leaks in the roof would spoil the new ceiling in the auditorium." Mr. Dales said that the roof tower and flag pole should be taken down.

## SEE DEPUTY-REEVE CONTEST IN KING

Nominations for King township council will be held on Nov. 21 at Kettleby United church hall. The meeting will start at 1 p.m. and nominations will close at 2 p.m.

There has been no election in King since 1949 but it is expected there will be one this year. It is reported that Councillor Ray Jennings, Aurora, and Councillor William Hodgson, Kettleby, will contest the deputy-reeveship. Both have been councillors for three years.

It is not known whether T. Arthur McCutcheon, Schomberg, present deputy-reeve, will run for the deputy-reeveship or not. Third councillor on King council is Russell Schneider, Nobleton. Reeve is Elton Armstrong, Newmarket.

Donald M. Findlay, King City, also is expected to be in the running for King township council.

## Awards, Scholarships Given At Annual H.S. Commencement

The annual Commencement program was held at Newmarket high school auditorium on Friday night when presentations of prizes and certificates were made.

Guest speaker was Graham Walter, manager of the Osgoode Branch, Canada Life Assurance Company. The valedictory address was given by William Wilson. A presentation of a gavel was made to retiring president of the student council, Jerry Hugo.

## N. Gwill. Polls Open To 7 p.m. Council Decides

By deciding, at the October council meeting, to "follow the old by-law" and have the polls open on voting day for the same hours as formerly, the North Gwillimbury Council has followed through on a decision reached at the September meeting when summer residents were told that the closing hour of the polls would be extended from six to seven p.m.

During the month that followed this extension of time decision, members of council decided they should change their stand to follow the old by-law which, they assumed, called for a six p.m. closing.

Clerk Erwin Winch, on searching the records, found that the last by-law to be passed pertaining to polling hours was dated 1941 and signed by Reeve J. E. Hopkins. The by-law passed on October 23 this year, bearing the seal of the corporation, was altered at the November council meeting to read, "from the hours of 9 a.m. to 7 p.m." instead of 6 p.m.

A by-law had been passed on Sept. 28, 1931, setting the day for nominations to be the Friday preceding the last Monday in November and the polling day to take place on the first Monday in December for that year and each year thereafter. This by-law is still in force. It was signed by Reeve D. E. Sprague.

Nominations will take place November 21 at the community hall, Belhaven. Appeals for correction of voters' list will be closed this Friday, Nov. 14.

## FARM PHOTO WINNER

The farm photo in last week's issue was of the Max Stiles farm, one mile north of town. The farm was purchased by Mr. Stiles three years ago from H. A. Jarvis. It was owned previously by Colin McKinley and is usually known as the Wakefield Howard farm.

Mr. Stiles operates a milk transport business and says that he acquired the 35-acre farm "to keep his four sons occupied".

Mr. Stiles came to Newmarket eight years ago. Before that he lived at Mount Pleasant, near Sutton.

## VISITS HOME FOR AGED

Mr. and Mrs. J. R. Arnold, former superintendent and mason of the York County Home, visited the residence on Monday, prior to taking over the position of supervising the new 250-bed Sudbury home for the aged.

## OFFICER PROMOTED PATROL SERGEANT

William Hill, who has been with the Newmarket police department for six years, has been promoted to patrol sergeant. Council approved of the recommendation of Chief Byron Burdette at a meeting of council Monday night.

The chief reported that with a three-shift system in the police department, another senior man was required. He said that Hill had been an excellent and valuable officer on the department. Sergeant Hill served six years in the last war, three years overseas. Sgt. Hill's father, William Hill Sr., is chief constable of the North Gwillimbury township police department.

## Earl of Dufferin Laid Stone To Start Christian Church Here

The history of the Christian Baptist church, Newmarket, goes back 130 years. Marking the occasion, special anniversary services have been held at the local church.

Dr. G. P. Gilmour was guest speaker at the Nov. 9 services. A family supper for members and adherents was held last evening and to conclude the anniversary week, guest speakers will be present for both services on Sunday, Nov. 16.

The present building was begun in 1874 when the cornerstone was laid by His Excellency, the Earl of Dufferin, the Governor General of Canada. Alexander Muir's "The Maple Leaf Forever" was sung for the first time on that occasion.

The preceding year, with the death of two valued members of the church, Mr. and Mrs. T. B. Wakefield, the sum of \$10,000 was willed for the erection of the new church. In Mr. Wakefield's will were listed certain conditions regarding his bequest. They were: that the church had to be built within three years after his death, that there should be a tower on the church, that a bell should be suspended in the tower, costing not less than \$500 and that a tablet of stone be placed on the tower setting forth that the tower and bell were erected as memorials to Mr. Wakefield.

The bell was used for the first time at the funeral services of Amelia Howard, only daughter of Mr. and Mrs. T. B. Wakefield. Following her death on Nov. 16, 1874, a memorial window was placed in the church. In the spring of 1891, the present parsonage was erected and Elder D. Prosser and his family were the first to occupy it.

The first Christian church in the vicinity of Newmarket was organized on lot 1, second concession of East Gwillimbury, on Nov. 20, 1822. The first meeting place was in a log school which soon became too small to accommodate the congregation. Services were held in a barn, the property of the first deacon of the church, Harrison Haight. The first clerk was John Garbutt and

## HOME AND SCHOOL OF YORK-SIMCOE TO MEET AT AURORA

The December 4 York-Simcoe Home and School council meeting will take place at the Aurora public school at 8.15 p.m.

The theme will be on children's reading and an interesting program has been arranged, featuring an address by Mr. Charles McGuire, author and editor of the Canadian Teachers' radio skit under the leadership of Mrs. Roy Sherck, vice-president of the Ontario Federation, and a display of some 200 children's books brought by a representative of Copp Clark publishers.

The Aurora public school choir will be an added attraction and an invitation is extended to everyone interested to attend this meeting.

## CHINA MISSIONARY, FATHER REEVES SPEAKS TO LIONS

"Always be vigilant for the good so that you can overcome the evil," said Father Reeves, padre of Sunnybrook hospital, speaking to the Newmarket Lions club Monday night. Father Reeves, who was a missionary in China, spoke on communism.

"Learn all you can about it and why it is wrong for us," he said. "We say the bulwark of the nation is the Christian family. Communists know that. If we stop fearing God, we fear man." Rev. J. T. Rhodes of St. Paul's church introduced the speaker and sketched experiences Father Reeves had faced since he entered his work in China in 1936. For one year Father Reeves was under close arrest by communists in China.

Father Reeves traced the spread of communism in China, how it advanced from the north, the extent of corruption in the Chinese government and the withdrawal of Americans from China. He said that had the Americans stayed in China, the picture would be far different today.

Referring to the Korean situation, he said, "No one has a plan for Korea. It is too deep and fundamental." He described the mental agony of the people. "Just what can be done with Korea, only Providence can solve," he said.

Members of veterans' organizations were present at the meeting and a period of remembrance was observed.

## Three Injured In Mulock Fire Early Sunday

Two Newmarket firemen, Joseph Peat and Denno Bosworth, town engineer, were injured when a wall collapsed and Thomas Rank, Aurora fireman, was burned by hot tar during a fire before dawn Sunday morning which destroyed a three-car garage at the home of Col. W. P. Mulock, Armitage.

Joe Peat and Denno Bosworth were partially buried under a pile of bricks as the wall of the garage caved in. They were taken to hospital by Provincial Constable Swinghammer and treated for minor injuries by Dr. Gordon Cook.

Thomas Rank was splashed by hot tar from the ceiling of the garage as he attempted to get closer to the burning building with a hose line. He was treated at hospital for burns.

By connecting two hose lines, firemen of the Newmarket and Aurora brigades, under Chiefs James Coltham, Newmarket, and Harry Jones, Aurora, prevented the fire from spreading to the Mulock home 250 feet away and to another garage. Two automobiles, a station wagon and garden implements were destroyed. A space heater was believed to have caused the fire.

## COMMUNITY BAZAAR OPENS TOMORROW

Preparations for the fourth annual community bazaar, Newmarket have been completed and will be held tomorrow, Nov. 14, 2 to 6 p.m., in the Newmarket town hall.

Mrs. George McNelly is general convener of the bazaar, sponsored by the Newmarket Handicraft group. Afternoon tea will be served by the Handicraft group and anyone wishing to place handwork on sale at the bazaar is requested to contact Mrs. McNelly. Fifteen percent is retained on all sales made at the bazaar by the group to help defray expenses.

The following organizations and individuals will have booths at the bazaar this year: The Newmarket Women's Institute, Ladies' Auxiliary, Canadian Legion; Junior Ladies' Aid, Christian Baptist church; Evening branch, W.A., St. Paul's Anglican church; Catholic Women's League, Mrs. George McCann, Dave Hood, York County Hospital Women's Auxiliary, Bogart Women's Institute, Optics, Newmarket Girl Guides, Mrs. L. J. Jackson, Willowdale, and the Newmarket Handicraft group.

One section of the building will be set aside for apartments for married couples. A 60-bed hospital wing with kitchen, washrooms and lockers will be included. The committee recommended that the present building on Yonge St. be kept until the new building is completed.

# New County Home To Be Started In 1953

## Approve Home For Aged Site South Side Of Eagle St.

A new \$1,115,000 York county home for the aged on Eagle St. is expected to be started some time in 1953. Members of county council heard a report on Tuesday by a special committee which outlined plans for modern buildings to accommodate 200 persons. The present home at Eagle and Yonge Sts. accommodates only 80.

Last June the Newmarket council decided to offer back part of the land originally purchased from the county for the Armitage Heights subdivision, as a gift for the use of a new home for the aged.

The county committee has accepted the offer of the 10-acre gift; an option on an additional eight acres south of the site for the home and the subdivision will also be taken. Four acres of this, situated directly south of Armitage Heights subdivision will be given to the town in return for its gift. It is expected that it will be developed for private homes after Cawthra Blvd. is extended south.

Construction on the home is expected to be started in 1953. The new building to face Eagle St., will consist of three main blocks. On the east will be a "U" shaped block of the ambulatory and married couples' wing. To the west will be an "E" shaped block of the bed patients' wing.

Directly beneath the bed patients' area will be the section for mentally impaired, opening out to the west at the lower level so that the men and women in this section may have their own private and fenced-off gardens. Joining the "U" and "E" blocks will be a building devoted to lounges, dining rooms, administration and general ambulatory patients.

The site will lend itself to landscaping. The block plan suggests bowling and croquet greens, a kitchen garden and a number of walks which could add interest and beautiful pleasure to the lives of ambulatory residents.

Provincial grants will reduce the county's share of the cost. The county expects to pay \$9,600 for property of which the government will pay \$4,800. The cost of construction and equipment will also be cut in half by the provincial grant to \$557,700.

One section of the building will be set aside for apartments for married couples. A 60-bed hospital wing with kitchen, washrooms and lockers will be included. The committee recommended that the present building on Yonge St. be kept until the new building is completed.

## MAKE PRESENTATION TO MRS. SPILLETTE AT COUNTY DINNER

The annual Warden's dinner of York County was held at the Crystal Ballroom, King Edward hotel, last Friday when a presentation was made to Mrs. Joel Spillette, Newmarket, in recognition of the late J. L. Spillette's service as Warden.

A presentation from members of the county council was made to the present Warden, John L. Strath, consisting of silver flatware, customary cane and illuminated address.

A similar presentation was made to Mrs. Spillette in recognition of her husband who was elected Warden in January, 1952, and served until his death in June. Her son, Jack Spillette, accepted the presentation on her behalf.

## Hear Talk On Treatment Of Atomic Warfare Victims

This identity-tag, tied around an arm of one of 400 "stretchers" arriving at Aurora Armories for care and treatment, may describe a relative caught in turmoil of death and injury if atomic war hit Canada.

"Unconscious, atom rayburned, male body, age appr. 45 years; found in wreckage of building at 26 Blank Street, outer clothing not recognizable, one shoe, size 8 1/2; brogue oxford found nearby, laundry mark X4287 only identification, wallet or papers gone. Injuries: both legs crushed, abdomen and back injury, chest, shoulders, neck and head full of glass splinters, burns to head, ears, eyelids, teeth smashed in, hair scorched to roots. Handle with extreme care to Priority C Hospital for treatment."

The care, handling and treatment needed for thousands such cases as described on the imaginary tag above is being explained in a 6-week course being taken by York County nurses. Those women are giving an evening a week to learn what to expect if war comes to Canada. About 60 nurses attend each week, to see, hear and question.

The third lecture of the series was given by Dr. R. M. King, M.O.H. of York County Health Unit. He told "The effect of

Radiation on Man" in one talk and "Medical Aspects of an Atomic Disaster" with films shown the nurses of actual close-up views of atomic burns, the multiple cuts and imbedded glass on persons who have been thrown through windows or other blast damage.

Dr. King pointed out the greatest number of casualties would be from trauma, broken legs, arms, etc., caused from falling debris: two types of burns, flash burns which scorch an exposed portion of body and flame which would cause a much deeper burn. He also dealt with radiation injury shock, which may be immediate or not show for days.

One point Dr. King stressed was that stopping hemorrhage becomes difficult, because so often victims of gaping cuts have minute pieces of glass imbedded in nearby tissue.

He did explain that radiation injury is not as dangerous as first feared by the early atomic explosions, that a radiation injury will only come by breathing of the rays or their entry through cuts.

Samples of the tags which are ready to attach to injured persons, were shown, with a simple marking system of symbols on an outline diagram body on one side of the tag.

A copy of the minutes kept by the Newmarket agricultural society has been around the office for some time. Before we occupied this column, a Mr. Ernest Winters brought in the book. He had found it under the floor at the back part of his house when he was making some renovations.

According to the minutes, the society was founded in the year 1839. "At a meeting of gentlemen interested in the agricultural improvement of this district," the minutes record, "it was resolved that in furtherance of this object, the following gentlemen be appointed a committee to carry it into effect, Messrs. W. Roe, Thomas Henderson, John Clu- bline, James Cameron, George Simpson, James Pearson, Isaac Lundy and Rev. W. Ritchie." F. S. Primrose was secretary.

The society was formed 13 years before the first newspaper was established, the New Era, in 1852. (The Era and Express will start its second century in 1953.)

At the time of the formation of the society, transactions recorded in the minutes were carried out in pounds, shillings and pence. A few years later some accounts were recorded in dollars and cents, others in pounds, shillings and pence. As a matter of fact, it appears that the first record of dollars and cents was in an amount for some printing done by the New Era in 1852.

The two money systems seem to have been used until after the middle of the 19th century in Newmarket.

The last meeting recorded in this particular minute book was on January 8, 1859. The minutes are signed by E. Jackson who, it is assumed, was Erasmus Jackson, editor of the Era. The last minutes were recorded after a directors' meeting. President A. Stephens was in the chair.

"It was moved by Mr. Jackson and seconded by Mr. J. L. Wilkin that the secretary procure two hundred tickets of membership," and there was a

motion to adjourn until March, 1859. There are no further minutes. There are plenty of empty pages left in the book so it is possible that the secretary lost the book and started a new one.

How the book became hidden under the floorboards of a house is a question. Possibly the book was dropped there while an addition was being put on the house and next day the carpenters laid the floor over it.

It is interesting to note the first mention of the New Era in the minutes, April 3, 1852. A great deal of business was carried out at this meeting. Among the resolutions was one that an officer be elected by ballot. An act of the legislature had been passed previously "for the better organization of agricultural societies in Upper Canada". The society was then to be called the North York Branch of the agricultural society.

It was moved by James Gamble and seconded by Samuel Trent that the proceedings of the meeting be published in the New Era newspaper. It was the first meeting of the society to be reported in the paper.

...

Reeve Arthur D. Evans has suggested that Newmarket council get together with Whit-church township council or other neighboring municipalities and "go over our building by-laws". It is possible that a common by-law could be adopted by the municipalities surrounding Newmarket.

We think that Mr. Evans' suggestion is a good one.

The present town building by-law is a long piece of writing. It is probable that few residents in Newmarket have read it through. It might be a good idea if the important sections of the by-law were condensed and posted in a conspicuous place say, the bulletin board at the town clerk's office. Anyone building a house could refer to it easily.

Mr. Will Armitage has accepted a situation on the Metropolitan Rly. as conductor and starts next Monday morning.

Mr. Harland Roden of Chicago and Miss Roden of Toronto were visiting at Mr. R. H. Brimmon's a day or two this week.

Mr. Watson Playter of Pine Orchard has just finished the most complete, up-to-date barn in that part of the township, and he is being congratulated by all the neighborhood.

Since the Metropolitan track was put down on Main St., the crossings are a disgrace to the town. They are a fright in wet weather.

Half a dozen boys have been summoned to appear before Squire Jackson this afternoon to answer for their Halloween conduct, and another batch is to be dealt with afterwards.

There is quite a lot of wheat and oats coming into Newmarket, but the farmers appear to be feeding all the barley they have raised.

A massive brass railing was erected in front of the handsome show windows of the Leading House this week, making a complete job. The front has an appearance equal to any city store and the fine display of goods shows to perfection. Messrs. Danford Roche and Co. are to be congratulated on their enterprise.

The Bothwell farm in King, offered by auction last Saturday, did not reach the reserve bid, but we learn that a private sale was afterwards arranged with Mr. Pearson.

The Newmarket branch of the United Factories is making contracts for the delivery of bolts at the factory here for the coming winter.

THURSDAY, THE THIRTEENTH DAY OF NOVEMBER, NINETEEN HUNDRED AND FIFTY-TWO

### WANTED: NEWMARKET BOOSTERS

Do we like Newmarket the way it is? The resident in retirement would say yes. He likes his town but it may be that the only time he is alerted to civic affairs is when his tax bill arrives. He is interested in his home, is concerned with tending his rose garden, less interested in a booming future for his community. The Main St. businessman, on the other hand, wants more people. He worries about the future of the town, hopes that the population will grow, that sales will increase next year.

If we take an average between the two extremes and call it a civic frame of mind, Newmarket's might be described as "fretful". Newmarket has enjoyed normal progress in the past ten years but certainly no boom. There are citizens who feel that the town is poised, at an important point in its history; it will forge ahead rapidly or stay where it is. More than a few citizens sense that. There are plenty of citizens "fretful" about the town's future. It is difficult to believe any would stand in the way of progress! But scarcely any want to step out and be town boosters. Newmarket is "fretful" about its future but hardly seems to know what to do about it.

The year 1953 will be a big year for the town; there will be a new Main St. construction project; a sewage disposal plan must be considered; plans will be well under way for a new County Home for the Aged in town. A recent suggestion from a southern municipality favored Newmarket as the county town in the event of amalgamation. Does Newmarket want to be the county town? There is much to be considered and fought for in the next year.

Nominations for town council members will be required in a number of days and elections will follow shortly. Newmarket's future, possibly to be determined this year, will depend to a great extent on next year's council. But what may be needed more is a noticeable expression of interest in the community. Newmarket needs more boosters.

Main St. is the place to stir up the needed enthusiasm. There must be latent leaders on Main St., the place where Newmarket should get its greatest boost. There should be an active Chamber of Commerce formed from the framework which exists already, pledged to produce Newmarket boosters. Such organizations formed in the past were fraught with discord and they failed. It is no excuse for the present. Times have changed. We need an audible expression of opinion from such a powerful group. The stronger it is, the healthier our local government. More boosters, more civic interest will bring out the needed leaders.

### REMEMBERED

The soldiers who died in wars were remembered this past week. In particular were remembered the boys from this community who never returned from World War I and World War II. While Newmarket paused at 11 o'clock there were families in town which were more deeply touched than others.

Lives in every generation have been cut short by wars. Reasons have been given for the sacrifices. It is a sad thought that soldiers are still dying this year: they are dying for the same reasons. We recalled this week that the direction of our lives, everyday activities, and freedoms could have been far different, had it not been for them who made the sacrifices.

### NATIONAL UNITY STRENGTHENED

With the growth of the Canadian nation, there is one outstanding development which becomes more apparent, the increasing cordiality in provincial-federal relations. It is only a few years ago that observers, not friendly to Canada and Canadian national unity, derived satisfaction through pointing a finger at the internal divisions arising from provincial and federal differences.

Considering the geographical vastness of Canada, it is easy to understand why the fathers of confederation, in their wisdom, saw the need for dividing the country into separate areas of government in the form of autonomous provinces. This decentralized system of government had advantages and none was more effective than the psychological stimulant of provincial competition.

These rivalries brought great good to Canada. It was inevitable that out of these rivalries, frictions should result between provincial leaders and the federal

government itself. These frictions provided critics of the Canadian system with grounds to predict that a country divided against itself could not hope to prosper towards national unity and greatness.

In recent years internal conflicts have been disappearing gradually, are being replaced by a consciousness of the need for national unity. A desirable objective is being attained without loss of provincial autonomy. Leaders of today are thinking more in terms of Canadian nationhood and unity than in terms of regional advantage, all of which is giving vital strength to Canada.

### PROCRASTINATION

Elsewhere on this page, "Dairy Farmer" points to a need for an export market for the existing agricultural surplus. His argument that the natural market of any product which is not large enough "to make a fuss about it", is the area where it is needed and not the country where it is bought, is sound reasoning. It is unbelievable that the federal government should let an entire industry drift into a severe economic storm, with cold storage facilities overloaded, cheese production curtailed and farm income drastically reduced, while waiting for the political winds in the United States to turn favorable towards the lifting of the present embargo.

Thinking based on hope and wishing will not solve a pressing and immediate problem. There is no proof that the embargo will be lifted soon enough to avert a severe crisis. There are no indications to show that when the embargo is lifted at an unknown point of time in the future, there will not be a change in the duties involved, a result of which could make any export market impossible. If the present rate of exchange is also considered, the conclusion is that the present Ottawa policy of "waiting it out" is little short of procrastination.

The Canadian farmer is entitled to better leadership both from his government and from his own organizations than the present policy of unsatisfactory floor prices and ineffectual representations.

### COST OF LIVING

The Ottawa Farm Journal asks: Who is reducing the cost of living? It answers it in the following explanation.

A lot of people have had a lot to say about the fact the cost-of-living index has been steadily falling the past few months, is today slightly lower than a year ago. It is surprising that so few have noted the chief reason, or called attention to it.

The farmers of Canada have contributed practically the total amount of the reduction as a result of drastic cuts in the food section of the index. They have done this despite steadily rising costs of most manufactured goods, high wages and shorter working hours for industry. They have made the drop possible.

It is obvious, of course, they have not done this of their own free will. Farm organizations did not get together and decide they should cut their prices. Farmers have been the victims of peculiar circumstances.

But the fact remains that, almost alone among Canadians, farmers have had to accept fairly drastic cuts in income this year. Very much lower meat prices, a third lower at retail for some cuts, have been the main factor in lowering the cost-of-living index, and this was money out of farmers' pockets. There have been few compensating factors as far as they were concerned.

What we wish is that some of the headline writers and others who form public opinion had noted this — or at least emphasized it. Very few have as far as we have seen. It is completely unfair that one group should be expected to contribute so much and that this should be taken so much for granted.

### CIVIL DEFENCE

Civil defence activities have been confined by a lack of funds. At the present time it has been left up to the municipalities to give the financial support to civil defence. Newmarket has given no consideration to civil defence spending. Outside of working out a possible framework plan for a civil defence set-up in York County, the only training along civil defence lines has been given to nurses. Residents in the United Kingdom know that civil defence is as necessary as bread and butter. With advancements in science, we are open to bombing attacks as much as Britain was in 1940.

## Office Cat Reports Catnips By Ginger

Slim and I and Slim's cousin, the ex-auto racing baron, Valvenhead Bliggens, attended a rally of sport car enthusiasts over the weekend.

We were guest competitors in a road competition involving many expensive foreign cars such as the Molecule S. S. Sports, the Pinpoint II, the Alpher-Agricolum Straight Seventeen and many others.

In case you didn't know it, sports cars have become the rage. Yes, in the United States, people with enough money are sports car-happy and are buying tremendous costly powerhouses on wheels or tiny hand-tooled midgets which run on a spoonful of fuel.

To be a real sports car enthusiast, you own a foreign make with wire wheels and a drop-head top. If possible, you wear a flanged moustache and talk in terms of overhead cams, planed down heads, high compression and act as though you knew what you were talking about. A British accent suits as well.

This recent rage is nothing to Valvenhead Bliggens, of course. Being an ex-racer, he has been a sports car connoisseur since away back. He also knew Barney Olsen.

You see all sorts of cars and people at these meets. We saw a Spegetti Saloon Canteen with lengthy bank of cylinders a long, sleek automobile which tapers to infinity at the rear. Another interesting sports car we saw was a Piff III. The Piff III is in the very small car class. It consists of a piston attached to a wheel with a seat and drop head on it. Although it is small, it is very costly and will travel at 102 miles per hour.

These automobiles are strict-

ly for the wealthy in Britain and Europe but can be purchased by more people on this continent.

These motor cars are very select. The people who go with them are also select people. They are mechanical intellectuals. Wearing berets, sloppy, greasy coats, speaking with Oxford accents, they tinker over their motors, making this and that minor adjustment, exclaiming such phrases as "Yes, obviously, of course, of course."

When you climb into these motor cars, you sink down behind the wheel in a reclining position as you might in a deck chair.

Slim and I drove a Spitt, a popular sports car of the Hoots Group. Our Spitt had room for only two people, had the sporting type wire wheels and right hand drive, of course, obviously.

Valvenhead, the mad racing baron of other days, drove his Hferandecabriolet Cabriolet. It seats one, is 21 axle handles long.

The competition was not a speed race. It was an average speed contest over a measured route. The winners are to be announced in next month's issue of Camshaft.

After the competition, a social half-hour was enjoyed. Lady Shifton Transmishin, wife of Sir Shifton Transmishin, in head of the Gimlet Group, poured tea. Guests of the day were members of the Pakiston Auto Society, currently touring the United States and Canada in a Gabriolatti Saloon.

The next rally will be held within a month. Slim and I have put our applications in to join the sports car society of Forest Heights, one of the more select clubs. It is all the rage, you know.

## The Top Six Inches by "Dairy Farmer"

It seems to us that it is about time that some of our leaders in politics, agriculture and in the Federation, made up their minds to do something about marketing all the products of agriculture we can produce. We cannot think of any problem more pressing or any question which would affect us more immediately.

Before this happens it will be necessary for everyone of us to do some thinking so we can decide where the market for all our production really is. Are we going to produce for the "here again, gone again" market of the south or are we going to produce for a market that will promise smaller but much more steady returns?

In the first case we will be poor one day and poor again in the day after tomorrow, although we may feel pretty good about it the day in between. In the second case we will have a solid foundation and some program at which to aim.

We must face the issue and admit that the market to the south of us doesn't need our production and if they will put up with it, it is only because it is so little that it makes little difference to them whether they will take it or not. This being the case, the whole question of our exports, a vital issue to us, becomes a political football to them.

Elections, pressure groups and a million other things will influence it; in other words, everything except the real point, which is taking food because it is needed. We will go so far as to say that aside from the danger involved to American livestock from any outbreak of foot and mouth disease, our neighbors were not too unhappy about the embargo.

Neither were they too helpful in other respects in making it easier for us. They didn't

abide by the decisions of the Geneva trade agreement and our export to that country will never be the natural flow of food stuff from an exporting country to a country needing that foodstuff.

The natural market of any product is the area where the product is needed and not where it is bought, because there is not enough to make a fuss about it. That natural market is the United Kingdom. This being the case, it is time that the politicians and other experts figure out a way to get it there.

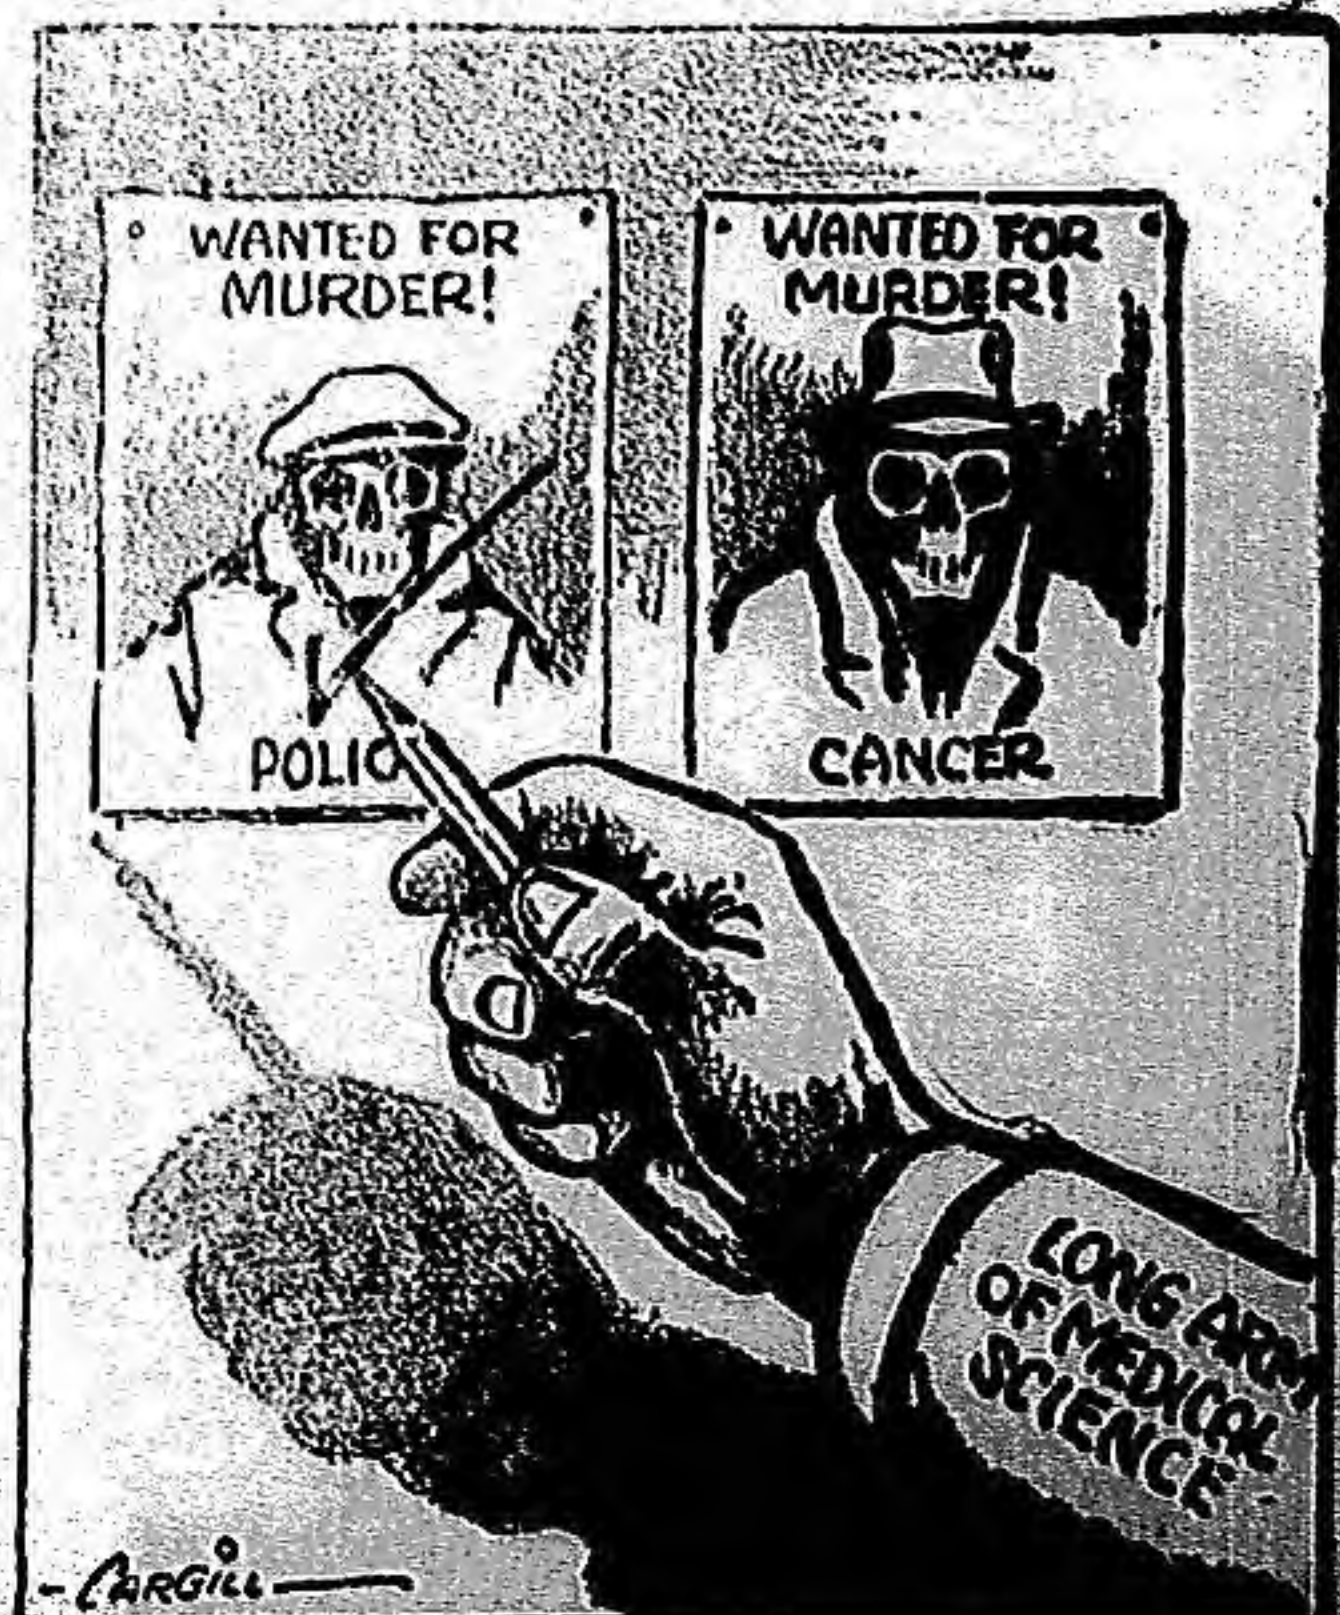

Surely nobody can say that we are still priced out of that market. They cannot say that it is not needed there and neither can they say that we can eat it all; thus there is no use worrying about it. We have an exportable surplus, a surplus that is promising to ruin our country's agricultural economy.

All measure and floor prices which tend to discourage production like the present hog floor price are stupid and will end in high domestic prices with the loss of farm buying power. The dairy industry is in a crisis because of a million pounds of cheese while the cheese ration in Britain is less than an ounce per week. The hog industry is going to diminish to a dangerous extent with the cold storage full and at the same time the United Kingdom needs it.

The same is true of the beef business. If the government can send a dozen top men to South America to sell finished manufactured goods, wouldn't you think that the agricultural producers of this country are entitled to the same treatment?

It is hard to think of these factors without bitterness. We could expect much more leadership from our government. They didn't do too badly when things were prosperous. Let them use their heads when things are tough.

### THE CHILDREN'S HOUR

## From the Files of 25 and 50 Years Ago

Mr. Jimmie Henderson sends us an illustrated magazine picturing the beauties of Los Angeles and surrounding country at this time of the year. Fifty years ago Jimmie was a little red-headed fellow who ran up and down Main St. delivering city papers.

### THE OLD HOME TOWN

By STANLEY

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

## News Of The W.I.

News for this column must be in the office Monday  
night. Copy must be written as briefly as possible and  
confined to news and reports. Other than routine reports  
and announcements will be printed separately.

The October meeting of Lake-  
side branch was held Tuesday,  
Oct. 28, opening with singing the  
ode and reading the collect.

Mrs. Mace was elected as dele-  
gate to the fall conference at the  
Royal York hotel. Mrs. D. Mc-  
Genery was in charge of the  
program. Mrs. Marshall gave a  
short talk on nursing.  
A short talk was given on citi-  
zenship and education by Mrs.  
D. McGenery, followed by Mrs.  
M. Rye giving a summary of her  
trip to the west coast.

The meeting closed with the  
Queen and a social half hour fol-  
lowed. Hostesses were Mrs. Tom-  
linson and Mrs. Porter.

The regular monthly meeting  
of the Newmarket branch will  
be held in the agricultural board  
rooms, Botsford St., on Thurs-  
day, Nov. 20, at 2:30 p.m. Mem-  
bers are to answer roll call by  
bringing an old photo of them-  
selves.

The Bogartown branch will  
meet at the home of Mrs. Jack  
Preston, Tuesday, Nov. 18, at  
2:30 p.m. Motto, "Rural Com-  
munities are the strength of the  
nation." Roll call, "Name a fa-  
mous woman of yesterday and  
why." The Gormley Women's  
Institute will be our guests and  
will provide the program.

"The Traitor Within" and  
"Breast Self Examination", two  
excellent films on cancer, are to  
be shown at the next open meet-  
ing of the Vaudor branch.

Mr. Maurice Grimes, Executive  
Secretary of the Ontario Division  
of the Canadian Cancer Society,  
will speak at the meeting, to be  
held at Vaudor Hall on the even-  
ing of Wednesday, November 19,  
at 8 o'clock. Everyone is urged  
to come. Certainly, anyone who  
has ever contributed to the Cana-  
dian Cancer Fund should see  
both these outstanding films, be-  
cause perhaps more important  
than money in the fight to con-  
quer cancer, is knowledge of  
what we are fighting.

Doctors know that a surprising

ly large percentage of cancer, if  
discovered early and treated  
promptly, can be cured. A little  
rudimentary knowledge of the  
habits of cancer may be the  
means of discovering the disease  
early, and perhaps saving our  
lives. That is why "The Traitor  
Within" and "Breast Self Exami-  
nation" should be seen by every-  
one, and why everyone will be  
welcome to attend the Vaudor  
Women's Institute meeting on the  
evening of November 19th.

Union Street branch met at the  
home of Mrs. Irvine Rose Tues-  
day afternoon, Nov. 4. There  
were 26 members and seven visi-  
tors present. Mrs. Swanson read  
a poem by Edna Jacques in reply  
to the motto.

It was decided to apply for the  
legislative grant to be used for  
educational work in the schools.  
A committee was appointed for  
progressive eures to be held in  
the Sharon Hall, dates to be an-  
nounced in the Era and Express.  
Institute members please provide  
lunch.

Mrs. W. Cryderman, convenor  
of the program, began with the  
singing of O Canada, followed  
by two minutes' silence in mem-  
ory of all who have made the  
supreme sacrifice.

Mrs. Erwin Winch, Belhaven,  
was guest speaker and chose as  
her topic, Canadian Industries.  
A very interesting account was  
given of a six week motor trip  
she had taken through Northern  
Ontario, across the prairie pro-  
vinces, and on out to British Col-  
umbia.

Mrs. O. Diceman, Edith and  
Margaret, sang a hymn, "The  
Little Brown Church in the  
Vale." Mrs. D. Thompson gave  
a reading entitled "Faith". Mrs.  
E. Burgess read Current Events.  
Mrs. Lloyd Kay, Belhaven, gave  
a demonstration on weaving mats,  
centerpieces, cushion tops and  
rugs.

The Bogartown branch will  
meet on Tuesday, Nov. 18, at the  
home of Mrs. Jack Preston.  
Gormley Institute will be the  
guests and provide the program.

## KESWICK

The W.C.T.U. met at the home  
of Mrs. Frank Marritt on Nov. 4.  
Mrs. Serick presiding.

The devotional lesson was the  
Beatitudes. Mrs. Marritt and  
Mrs. Campbell each gave edu-  
cational topics on the work of  
the United Nations, showing how  
important and far reaching this  
work is. Mr. Marritt came in  
for a few minutes and gave more  
first-hand information as he had  
just had the privilege of a visit  
to the U.N. Assembly.

Mrs. L. King gave a very in-  
teresting account of her recent  
motor trip from coast to coast  
across Canada and the U.S.A.  
Lunch was served and a social  
hour closed one of our very best  
meetings. The next meeting  
will be held in January.

The Christian church mission-  
ary meeting will be held Friday  
evening, Nov. 14, when Rev.  
Muir, returned missionary from  
China, now stationed in Stouff-  
ville, will show missionary pic-  
ture slides.

Mr. Munro Mann was at home  
from Detroit for the weekend.

Mr. and Mrs. Cecil Grant and  
Mrs. F. Peel spent Thursday in  
Toronto visiting friends.

Mr. and Mrs. Arthurs have had  
as a recent guest, their airman  
son Vic Arthurs, Saskatoon, who  
flew his plane from Saskatoon  
to Malton. He returned to Mal-  
ton Sunday for his journey back,  
accompanied by Mr. and Mrs.  
Arthurs Sr. and Mr. and Mrs.  
Cecil Grant who enjoyed the ac-  
tivities at Malton airport for the  
day.

Mr. and Mrs. Roscoe Brown  
have returned after spending the  
weekend in Toronto.  
Mrs. Claud York, Belhaven,  
and new daughter are spending  
some time with her parents, Mr.  
and Mrs. Bernard Rye.

report Mr. Wesley Williams is  
home from hospital after his ac-  
cident.

Remember the bazaar of the  
Bogartown W.I., in the town  
hall, Newmarket, on Nov. 14.

## IN MEMORIAM

**KIRBYSON**—In memory of a  
beloved husband and father who  
passed on to Eternal Rest, Nov-  
ember 17, 1951.  
Very deeply missed by his wife  
Edna, Claude, Christina, Bill,  
Kay, Jean and Harry.

**LEPARD**—In loving memory of  
Mary Anne Lepar, who passed  
away, November 18, 1951.  
One year has passed since that  
sad day.  
When one we loved was called  
away.  
God took her home, it was His  
will.  
Within our hearts she liveth  
still.  
Lovingly remembered by sons  
Isaac and Malen.

**WIGHT**—In loving memory of  
our darling son, Billy, who pass-  
ed away November, 1950.  
Please God, forgive a silent tear,  
A silent wish that our child was  
here.

There are others, yes we know,  
But he was ours and we loved  
him so.  
Two years ago we had to part  
With one we loved with all our  
hearts.  
The wound so deep it will not  
heal.  
Only those that have lost know  
how we feel.  
Ever remembered by Mummy,  
daddy and Uncle Lawrence.

**CARD OF THANKS**  
Mrs. Frank Kirtson and family  
wish to thank their friends and  
neighbors who have been so kind  
and thoughtful at the time of the  
recent death of their father, Mr.  
Jas. Jordan.

**CARD OF THANKS**  
I wish to thank my many kind  
friends and neighbors for the  
lovely cards, gifts, fruit flowers  
and acts of kindness during my  
illness in the hospital. Special  
thanks are extended to Dr. Peo-  
ver, nurses and special nurses.  
John Cryderman

## ENGAGEMENTS

Mr. and Mrs. George W. Bars,  
Toronto, announce the engage-  
ment of their daughter Jo Anne  
Shirley to Mr. Douglas Allan  
Wilson, son of Mr. and  
Mrs. Clifford Wilson, Newmar-  
ket. The marriage will take  
place on Saturday, Nov. 22, 1952,

## SHARON

Mrs. Kidd, Toronto, spent the  
weekend with her cousins, Mr.  
and Mrs. Gordon Stevens. Other  
Sunday guests at the Stevens  
home were Mr. and Mrs. Leslie  
Rose, Angus.

Mr. and Mrs. Jack Vernon and  
Dawn, Milton, spent the week-  
end with Mr. and Mrs. Carl Ver-  
non.

Mr. and Mrs. Donald Scott,  
Yvonne and Bobbie were Sun-  
day guests of Mr. and Mrs. Dan  
Gill.

The Sharon Home and School  
Association met in Sharon school  
on November 4 with 17 mem-  
bers present. An interesting  
talk was given by Mrs. Dorothy  
Bowman, Newmarket. Mrs.  
Bowman spoke on the under-  
standing and upbringing of  
children.

A group discussion on outside  
activities for boys and girls was  
held. Subjects discussed were  
singing classes for the older  
girls and hockey and scouts for  
the boys.

**SEE CAMPING MOVIES**  
Movies on camping highlight-  
ed the Nov. 3 meeting of the  
Scout-Guide Mothers' auxiliary.  
Held in the Newmarket Scout  
hall, the meeting was well at-  
tended. Cubs, Scouts and their  
leaders were the guests of the  
auxiliary at this special meeting.

Mrs. Victor McCutcheon pre-  
sided and introduced the speak-  
er, Harry Bryant. Mr. Bryant  
is a Hamilton Scoutmaster who  
has been in scouting since early  
boyhood. His troop has purch-  
ased land in Haliburton and  
erected their own camp on this  
property.

Horace Jaques moved the vote  
of thanks to Mr. Bryant for his  
interesting illustrated account of  
their efforts in providing camp-  
ing for their boys. Light refresh-  
ments were served and a social  
half-hour was spent.

## IN BIBLE SOCIETY

### WORK IN EAST, TO SPEAK HERE

Rev. L. F. Geary, B.A., L.Th.,  
will be the special speaker at  
the Newmarket Bible society's  
annual public meeting on Sunday  
night at 8.30 in the Anglican  
Parish Hall.

Mr. Geary has spent five years

REV. L. F. GEARY

in Cairo, Egypt, as secretary of  
the British and Foreign Bible  
Society for Bible Lands South.  
His work took him into 10 dif-  
ferent countries, including the  
Sudan, Ethiopia, Israel, the  
Hashemite Jordan and the Is-  
land of Cyprus. It has been car-  
ried on in the midst of unrest  
and danger, in which his person-  
al safety was often at stake. In  
spite of the difficulties, 180,000  
copies of Scriptures in 83 dif-  
ferent languages were circulated  
last year in that agency alone.

A. D. Evans, president of the  
Newmarket Bible society will be  
in charge of the meeting. Mr.  
Robert Dick is Secretary and Mr.  
W. E. Morton, Treasurer.

Through the help of many  
branches like Newmarket, the  
British and Foreign Bible So-  
ciety has distributed scriptures in  
over 50 different languages in  
Ontario and in over 800 lan-  
guages and dialects throughout  
the world.

### COLLECT PREMIUMS FOR ACCIDENT FUND AT SCHOOL NOV. 14

Friday, Nov. 14, has been fixed  
as the day on which the  
premium is due for the accident  
insurance for pupils of the New-  
market public schools. As a re-  
sult of the response by parents  
and guardians to the proposed  
scheme, the board has decided  
to proceed with the inauguration  
of the scheme immediately.

Those who wish their children  
to participate in the accident  
fund which will cover expenses  
for doctor, dentist, hospital or x-  
ray incurred as a result of an  
accident on school property on  
regular school days are request-  
ed to send money with their  
children tomorrow to school.  
This premium is 50 cents per  
pupils who is registered and in  
daily attendance at the Newmar-  
ket public schools.

Pupils are to pay the prem-  
ium to their teachers. A record  
will be kept by the school board  
and an official receipt will be  
issued to the pupil.

The accident fund will be put  
into effect immediately upon the  
receipt of payment. Those who  
previously did not signify their  
intention of taking advantage of  
this accident insurance may do  
so by payment of the premium  
tomorrow. Only by the whole-  
hearted support of parents and  
guardians can this plan be car-  
ried out successfully.

The premium of 50 cents per  
pupil is coverage against acci-  
dent expenses to a total of \$100  
till the end of the school year in  
June, 1953. Any balance in the  
fund would be carried over for  
use the following year.

terment was at Mount Albert cem-  
tery.

## OBITUARY

### Ross A. MacMillan

Widely known in North York  
and active in public affairs, Mr.  
Ross A. MacMillan passed away  
suddenly at Toronto General  
Hospital on Wednesday, Nov. 5,  
aged 64.

Mr. MacMillan was born in  
the township of North Gwillim-  
bury, a son of the late John  
MacMillan and Celia Evans Mac-  
Millan. He was a successful  
farmer and business man, highly  
regarded in the community for  
his ability, his sound judgment  
and integrity. His sincere friend-  
liness and his willingness to ex-  
tend co-operation and assistance  
whenever such was needed won  
for him a wide circle of friends.

In 1939 he was elected deputy-  
reeve of North Gwillimbury and  
became reeve in 1941, which  
office he held for the four succeed-  
ing years. During his terms as  
reeve he served capably on sev-  
eral committees of York County  
council and in 1945 was chosen  
as a warden's commissioner. In  
1943 he was appointed by the  
federal government to act on a  
committee concerned with admin-  
istrations of the Veterans' Land  
Act. By 1945 this work was oc-  
cupying his full time and he gave  
up municipal office. He served  
with the V.L.A. up to the time of  
his death and can be said to have  
died in harness as he was taken  
seriously ill while about his du-  
ties in Muskoka a few days be-  
fore his death.

In politics Mr. MacMillan was a  
Liberal and attended the Presby-  
terian church. He was not mar-  
ried and made his home with his  
sister, Miss Addie MacMillan, who  
survives him. Other surviving  
relatives are one brother, Bruce  
MacMillan, Mrs. Bruce MacMillan  
and two nephews, Donald and  
Murray MacMillan.

The funeral service was held at  
Queensville on Saturday, Nov.  
8, and was conducted by the Rev.  
E. V. Warren, assisted by Rev.  
G. Campbell of Keswick. In the  
large attendance there was evi-  
dence of the personal loss felt

by the whole community in the  
passing of this good citizen and  
fine gentleman.  
Active pallbearers were Wm.  
A. King, Wm. Lewis, Albert  
Taylor, Max Smith, James Clark  
and Joseph Watson. Honorary  
pallbearers were F. Lundy, L. J.  
Doyle, W. E. Morton, Morgan  
Baker, Wm. Pugsley and Fred  
Peel. Interment was at Queens-  
ville cemetery

## IT'S A Woman's World

By CAROLINE ION

Once again it is Community Bazaar time in Newmarket. For the fourth successive year, the Newmarket Handcraft group is sponsoring the project in the Newmarket town hall. Tomorrow is the big day with the hours set at 2 to 6 p.m.

The idea was originated as an outlet for handicrafters in the district. Past successes have justified the plan and this year promises to repeat the performance.

Talented men and women who did metal work, woodwork, weaving, knitting by one of a dozen crafts had no market for their products. Several handicapped individuals unable to carry full time employment were provided with a shop-window through the bazaar. Once again, these individuals, town organizations and church groups working in cooperation, will present the Fourth Annual Community Bazaar.

Many smaller church organizations were unable to hold individual bazaars. Cost of rental for satisfactory premises prevented some organizations from attempting such a money-making scheme. For other churches, the full bazaar was already spoken for by another organization in the church so that the more recently formed ones looked elsewhere for their own bazaar.

With the sponsorship of the Community Bazaar by the Handcraft group all these organizations were able to present their wares under the one roof. They shared expenses, while benefiting from the greater interest created when over a dozen groups and many more individuals contributed their efforts.

Children's toys, stuffed animals, mittens and other wares appeared for the young set will be provided in abundance. There will be ideal Christmas gifts for all members in the family and many, many more things every woman would like to keep for use in her own home.

## REV. COTTON TELLS OF TRIP TO U.K.

Rev. and Mrs. Henry Cotton, Peterboro, were guests at the Nov. 4 meeting of the Women's Association, Trinity United church, Newmarket. Mr. Cotton gave an account of their trip to England and Scotland this summer.

Mrs. M. D. Seldon presided and conducted the devotional period. Mrs. W. L. Stephens was guest soloist. Her selection was "The Altar of Prayer". She was accompanied at the piano by Mrs. A. M. Colville.

In speaking of their holiday trip to Great Britain, Mr. Cotton told of the food situation. He said that there was more in the shops than there had been for the past 15 years. Tea is no longer rationed but butter and meat are still on the ration list. Mr. Cotton said that the price of food was more reasonable than it had been for some time although it was higher than in Canada.

Mr. Cotton revisited a church where he had preached 32 years ago. Once again he was their guest speaker. He told his Newmarket audience of the comfortable little homes for pensioners which were available at a low rental.

While at Loch Lomond, Mr. Cotton obtained some water from the famous Loch for the baptismal service at his home church. He used it in the Peterboro church at the baptismal service two weeks ago and to the parents of each child baptized that day he gave a spray of heather which he had gathered in the highlands of Scotland.

At the conclusion of the meeting, Miss Donna Barber presented a piano solo. Tea was served and a social hour was enjoyed by the large group in attendance.

### BIBLE SOCIETY

Sunday, Nov. 16, will be Bible Sunday in Newmarket when representatives of the Society will be preaching in the various churches.

In the evening at 8:15, there will be a general meeting for all those who are interested in the work of the British and Foreign Bible Society in St. Paul's Anglican church parish hall. A special sound film will be shown, and an address by the Rev. L. F. Geary whose work for the Bible Society took him into ten countries.

In the morning at 11 o'clock service at St. Paul's, the preacher will be Rev. G. A. Andrews B.A., D.D., formerly of Hong Kong, China.

### ATTENDS CONVENTION

The 50th convention of the central area, Women's Institute, was held at the Royal York hotel, Toronto, from Nov. 5 to 7, inclusive. Attending from the Newmarket Institute were Mrs. Robert Lewis, Mrs. Elton Armstrong, Mrs. Charles Near, Mrs. W. M. Cockburn, Mrs. Elman Campbell and Mrs. Phil Hamilton.

### W.M.S. TO MEET

The Junior Evening auxiliary, W.M.S., Trinity United church, Newmarket, will meet at the home of Mrs. John Rutledge, Davis Drive East on Tuesday, Nov. 18, 8 p.m. The hostess has planned a surprise for the meeting, the proceeds of which will be used for the missionary work of the group. Members are requested to each bring ten or fifteen cents in a paper bag. United church calendars will be on sale at this meeting. A musical selection will be provided by a pupil of Mrs. George Blackwell.

## Keswick Hockeyists Plan Three Minor Teams

Keswick and district hockey  
men laid plans for another busy  
minor league season last week.  
Three teams, juvenile, midget  
and bantam will carry Keswick  
hockey club colors in minor  
hockey league competitions this  
season.

At an organization meeting  
held last week, Ted Marritt was  
named president of Keswick  
Minor Hockey League and Ernie  
Taylor secretary-treasurer.

On the heels of the organiza-  
tion meeting, Royden Connell  
was named coach and Ernie Tay-  
lor manager of the juvenile  
team. Earl Blanchard was  
selected as coach and Pat Mor-  
risey manager of the midget en-  
try. Doug Genge has accepted  
the post of coach and Ted Mar-  
ritt, manager of the Keswick  
bantams.

The Keswick hockey club is  
sponsoring the midget and ban-  
tam entries. Ernie Taylor has  
taken on the sponsorship of the  
juvenile team. Present plans are  
to enter all three teams in the  
O.M.H.A. playdowns and also  
under consideration is the possi-  
bility of filing entries in the  
North York Minor Hockey  
League.

## Schomberg Fourth Team In Peel-York League

Schomberg will be the fourth  
team in the Peel-York Hockey  
League says Sec. Bill Bredon.  
Previously King City, Klein-  
burg and Bolton filed entries.  
Fans out that away won't have  
long to wait to see their favor-  
ites spring into ice action.

Peel-York League kick-off comes  
up tomorrow, Friday evening,  
with a big actionful twin-bill and  
from there on there will be a  
double-header attraction every  
Friday in the Nobleton arena.

King City Maroons oppose Bol-  
ton Wanderers in the start off  
game tomorrow night at 7.45  
p.m. In the nightcap tilt, Schom-  
berg will cross sticks with Klein-  
burg Greenshirts.

Schomberg, last team to post  
an entry, held their initial prac-  
tice last week. Three defense-  
men, Elmer McFadden, Lorne  
Harvey and Bill Bredon report-  
ed for ice duty. Up front Ken  
and Howard Archibald, Bud  
Brown, Murray Edwards and  
Glen Atkinson will provide the  
scoring punch.

Bergers expect to add the Mar-  
chant brothers, Doug and Don  
and Bill Winters to the roster  
for the season opener.

## Kettleby Ties Regents, Mounties Win In Walk

Town Regents and Kettleby  
Jets featured the Newmarket  
and District hockey league twin-  
bill Tuesday with a sizzling  
three all tie. It was a good  
game; the teams didn't spare  
the horses and laid on the wil-  
low heavy and it was as full of  
crime as a five o'clock rush hour  
traffic cop's book.

It had the customers hanging  
from the rafters and more of the  
same will bring the customers  
pouring back next Tuesday.  
Some of the body checks Reg-  
ents Messrs. Lowell Waller,  
Basher Groves and Jack Smith  
handed out shook several Jets  
right out of their britches. How-  
ever like the good stuff they  
are the Stan Terry-Bill Hodgson  
Jets got up, shook, and were off  
again.

Quick-like was the scoring.  
Ortie Thoms, all alone, started  
it off for the Regents. Kettleby  
poured back Ted Rogers and  
Chappie Chapman pounded shots  
by Bill Grant. Bill Winters, the  
galloping Schomberg flash, made  
it 3-1 for the Jetmen early in  
round two.

Then the Gasmen, prodded by  
assistant coach Hack Cain, ap-  
plied the pressure. They were  
referred; Bob Smith popped in  
a Whitey Bone inspired pass and  
it was Bob Smith again on a  
three-way relay that took in  
Cliff Gunn and Stan Gibbons.

That tied it and there it stay-  
ed. Bill Grant, Regents' new  
shot stopper, and his opposite,  
John Weedon, both turned in  
stellar games.

In the early game, Mount Al-  
bert 9, Vandorf 2, a trio of lake-  
side residents, Suttonites Skip  
Taylor, John Learoyd and the  
Keswick rocket Ken Davis per-  
sonally took care of Vandorf.  
Taylor sank five goals, John  
Learoyd one and he hit the  
jack pot with five assists. Ken  
Davis got into the act with a  
goal and two assists. Swiftly  
Todd, the swirling-whirling ex-  
burgh Greenshirts.

Schomberg, last team to post  
an entry, held their initial prac-  
tice last week. Three defense-  
men, Elmer McFadden, Lorne  
Harvey and Bill Bredon report-  
ed for ice duty. Up front Ken  
and Howard Archibald, Bud  
Brown, Murray Edwards and  
Glen Atkinson will provide the  
scoring punch.

Bergers expect to add the Mar-  
chant brothers, Doug and Don  
and Bill Winters to the roster  
for the season opener.

Spitfire, and Ross Draper, Moun-  
tie rugged rear-guard, counted  
the other Mount markers.

The Murray Edgarmen wrap-  
ped it up early via three goals  
in the first and thundered ahead  
7-0 in the second before Bill  
Kingdon steered an Archie For-  
far pass past Mount rookie net-  
custodian Lloyd Moorhead.

Mount spread the gap to 9-1  
early in the third before Scotty  
McGhee, Bruins' latest recruit,  
sank the bliscuit on a three-way  
relay that included Bill Kingdon  
and Y. E. DeBoc. Bruins were  
trying till their tongues hung out  
but rearguardsmen Keith Dunn,  
Ken Davis and Ross Draper sew-  
ed the path to the Mount goal  
with a ready assortment of body  
slams and that's where the  
Bruins' best efforts died.

## North York Minors To Complete Plans Nov. 14

North, south, east and west  
North York hockey men are  
showing considerable interest in  
the proposed North York Minor  
Hockey League set-up.

League start-off meeting  
brought representatives from  
Stouffville, Aurora, Newmarket,  
Woodbridge, Nobleton and Rich-  
mond Hill. Since then Schom-  
berg, Keswick and Sutton have  
evidenced interest in the league.

A meeting to complete plans  
for the North York Minor Hock-  
ey League will be held in the  
Aurora Arena, Friday, Nov. 14,  
at 7.30 p.m. Top item on the  
agenda will be the final accept-  
ance of entries for juvenile, mid-  
get and bantam series play and  
the number two item will be the  
drawing up of a schedule for the  
various series.

To date Aurora, Stouffville  
and Richmond Hill have entered  
the juvenile race. Woodbridge,  
Nobleton and Aurora are likely  
midget group starters. Bantam  
clubs entered to date are Aurora,  
Nobleton and Woodbridge. The  
door was left ajar for Newmar-  
ket entries in all series.

Schomberg, Keswick and Sut-  
ton all appear interested in fil-  
ling bantam entries. Friday, Nov.  
14th, will positively be the last  
entry date. Better get your en-  
tries in right away men and plan  
to attend Friday's get-together.

## Down The Centre

By AB. HULSE

Mentor Mentions: Bruno Fay-  
ero, one-time Barrie Flyer, last  
year with Charlottetown Abbies,  
has been named playing coach  
of Orillia Terriers. Bruno will  
be one of the youngest coaches  
in action in the O.H.A. but he  
has plenty of savvy and if his  
protoges can match his playing  
ability he'll be all right.

Austy Baker, Markham, who  
has a long honorable playing  
career to his credit, will pilot  
Markham Eagles of the O. R.  
H. A. senior series. With plenty  
of experienced talent and a good  
executive, including both Bob  
and Ernie Lawrie, Baker can  
produce.

At Weston, with Reg Hamilton  
moved up to the Marlies in "A"  
again, because of the unfortu-  
nate illness of Buck Houle, ro-  
tund Turk Broda, ex-Maple  
Leafs goalie and ambassador of  
good-will gets his chance at  
bench management. Turk takes  
over the league-leading Dukes  
and if he's able to do a good  
chore, there's not much doubt  
that he'll move up in the Toron-  
to chain.

Bill McGhee, likeable Aurora  
blue liner, who still would look  
mighty good in a Spitfire uni-  
form while forsaking the play-  
ing role this season, will lend a  
hand with the Aurora minor  
clubs along with Bill Mundell  
and Jack Andrews. McGhee  
should be a natural to get the  
best out of kids. In case you're  
wondering about it, Charlie  
Rowntree who is handling the  
Aurora Bears again starts his  
22nd year as a coach and his 15th  
in these parts. No coach in  
junior "C" hockey has a better  
record than Rowntree except  
Eddie Bush of Collingwood.

Herbie Simpson, Ballantrae,  
long the pride of the bush-  
leagues and a plowman of note,  
will handle the Peaches club in  
the big rural group of the dis-  
trict. Simpson, at an age when  
most players are ready for the  
slippers, was mighty prolific  
around the nets and he's still  
able to get out on the ice and  
show the boys just how it should  
be done.

Incidental Items: With the  
successful softball season be-  
hind them, which saw Markham  
winning the intermediate "D"  
softball championship, the folks  
down that way are gunning for  
floodlites. A strong committee  
has been formed and the objec-  
tive is set at \$3,000. Mebbe, the  
lads at Aurora should consult  
the Markham boys with a figure  
like that. The odds of having  
lights in '53 are with the Mark-  
ham boys, much as I hate to ad-  
mit.

Ross Linton, brilliant young  
Aurora high school athlete of  
other years, has done pretty well  
this year in track and field at  
Toronto Varsity. Ross was a  
member of the Varsity second  
track team and scored a couple  
of seconds and one third in the  
intermediate intercollegiate  
track meet and in the junior  
Harrier event for Toronto U.  
took second place. The latter is  
a new event for the Aurora lad  
who, judging by his success this  
year, will reach the senior  
squad next season.

Unionville arena showed an  
operating profit of \$4,000 last  
year. You tax experts and col-  
umnists who are more heap to  
the operating arenas than I am  
might enjoy a comparison of the  
figures. I'd like to see a show-  
ing of the Aurora, Newmarket,  
Woodbridge, Stouffville, Union-  
ville and Nobleton rinks laid side  
by side. For my money, Stouff-  
ville will show the way by a  
comfortable margin on all  
counts.

Bob Fetch, brother of Lyall  
and Moe Fetch, snatched from  
Aurora juniors by Unionville  
Jots two years ago, is playing  
standout hockey for Unionville  
again. Wes Walton, who hails  
from Agincourt, is along with  
Fetch, about the only local pro-  
duct in the set-up. Unionville  
have some boys in from the  
north this year, and are linked  
with Les Canadians who are  
presumably paying the shot.

Bob Veale, Bradford, who is  
rated by the critics as one of the  
best prospects for junior hockey  
in the district, finally inked his  
Aurora certificate the other day.  
Veale is a bit behind the rest in  
condition but watch him in late  
December, is the tip.

Collingwood Greenshirts, who  
are minus seven of last year's  
team, will still be plenty tough  
to beat in the local group, espe-  
cially since Tubby Barrett, the  
"Maurice Richard" of junior "C",  
is still around for his fourth  
straight year, and Don Hudson,  
the stylish netminder, will still  
be playing kiddy-bar-the-door.  
Other holdovers are Al Walms-  
ley, Jerry Parrish, Mervie  
Smith, Val Walker and Tubby  
Collins.

The latter two were imports  
from Kingston and Paris last  
year. This year they are na-  
tives despite the fact they didn't  
spend the summer on Georgian  
Bay but left for home pastures  
after the puck season ended.  
Ray Crew, Jerry Rawn and  
Sonny Robinson are three ju-  
veniles looking good in practice  
and sure to start.

Bob Gillies of Stynner, Jim  
McMillan of Flesherton, who  
won't rate as imports, are look-  
ing good, while from Barrie  
Bees are Chuck Edwards and  
Bill Kirk. Emms has let them go

and whether or not they are im-  
ports remains to be seen. The  
Shirts have those two essentials  
for a championship squad, good  
netminding and good coaching.  
No club can lose boys like  
Frankie Dance, Al Morrill,  
Chuck Fryer, Don Pollard, Red  
McCutcheon Bob Meek and Bob  
Ivey and not to be weakened  
but as the season starts the  
Shirts must be rated the club  
to beat.

## LADIES' HOCKEY

Don't be surprised boys if the  
ladies move in and take over the  
hockey stage. Ladies' hockey is  
making good strides in North  
York.

Last year Keswick and Aurora  
had teams in the North York  
Ladies Hockey League. Ken  
Rose's Aurora club, after defeat-  
ing Keswick, reached the Ontar-  
io finals before losing to East  
York. Keswick is definitely back  
with a team with Gord Hare and  
Jack Mundy at the helm.  
Ken Rose is making plans for executive committee.

an Aurora return. Kettleby and  
Queensville both had teams last  
season and played several exhi-  
bition games and both will be  
back and going strong this year  
'tis said.

There's a good possibility New-  
market gals will join the fun.  
Ned Skead, heading the drive to  
get a girls' hockey team rolling,  
reports Newmarket ladies will  
practice next Monday in the  
arena from 9 to 10 p.m. Every-  
one interested in playing hockey  
is asked to be on hand. Bring  
along your brother's hockey  
stick please.

## SPITTS' NEW MANAGER

Father T. J. McCabe is the  
Newmarket Spitfires' new man-  
ager. D. J. "Dewey" Kuhns, ap-  
pointed earlier in the fall, has  
had to give up the post due to  
heavy business commitments.  
Dewey remains on the Spitfire  
executive committee.

## THE Calvert SPORTS COLUMN

by Elmer Ferguson

It is only fair and right that those who sparked in the hockey crusades of other years should get the preference as the roll is called to place the greats of the game in their niches in the Hall of Fame. Perhaps the moderns will chafe at this. They may wish to see honored those of their own era, or of the generation just before. And this, in time, will come to pass. There are now 42 names listed for the Hall, of which numbers 32 are players, the other 10 selected because of their contributions to the game in legislation, rules, or equipment.

This agent has at least one preference, in the names to be included in the next group named by the Committee. That is the late George Hainsworth, who in his playing days with Canadiens compiled a seasonal goaling record quite unlikely to be equalled in these days when the rules are designed to place the accent on scoring.

Hainsworth, in this writer's opinion, was one of the greatest goalers of all time. Like that other great Canadian goaler the late Georges Vezina, who preceded him by many years, Hainsworth was ice-cold in the net, almost mechanical in his perfection, and in his complete lack of what might be called "showmanship". Expressionless, unexcited, he just stopped pucks, blocked the heaviest drives without the flicker of an eye-lash.

Once, after this agent complimented him on one of his many shut-out games, Hainsworth remarked, as if annoyed with himself: "I'm sorry I can't put on a show like some of the other goalers. But I just can't do it. I can't look excited because I'm not. I can't shout at other players because that's not my style. I can't dive on easy shots and make them look hard. I guess all I can do is stop pucks."

He did very well indeed, at that chore. In the season of 1928-29, facing some of the game's greatest snipers, such as Nels Stewart, Ace Bailey, Bill Cook, Carson, Cooper, Harry Oliver, Conney Weiland, Frank Boucher, and others of that unforgettable quality, little Hainsworth scored 22 shut-outs in a 44-game schedule, was scored on only 43 times in the regular season, an average of slightly under one goal per game. No record has ever closely approached this.

Undoubtedly this little fellow, who hailed from that great hockey incubator, Ontario's Kitchener district, was one of the all-time greats of the net. And yet, curiously, he never made the all-star teams of his era, for Charlie Gardiner, "Tiny" Thompson, and Roy "Shrimp" Worters were named to confer with when, in 1930-31, the selection of all-star teams began.

Your comments and suggestions for this column will be welcomed by Elmer Ferguson, c/o Calvert House, 431 Yonge St., Toronto.

## HASHMAN AWARD

### Collings' Digging

Newmarket Spitfires' edition, 1952-53, has been burning up the ice lanes in the pre-season gallops. It's five wins in five tries to date. Hope they can keep it up. One item that caught the fancy of the visiting guests to the Memorial has been the willingness of Keith Collings to get in and work. It's hard to beat a digging hockey player. Keith's efforts haven't exactly gone unrewarded. The ex-Aurora Bear has picked up at least one point in every game, except the start-off saw-off against Lindsay. Thursday the Bradford flash hit the jack-pot with three goals and two assists against Georgetown. If every player digs in, and coach Harry Morrison has 'em digging now, we're in for a banner intermediate hockey season and incidentally, Spits' group play starts tonight at the Arena. But back to the main subject of our discourse the selection of a Hashman award winner and Roxy Theatre pass recipient and this week it goes to Keith "Keto" Collings for work, willingness and ability to get goals.

### Haskett's

BY GEORGE HASKETT

## HASH

Newmarket Sports Editor

Well blow me down! Yonder up and over the horizon looms another intermediate hockey season. The old established firm of Spitfire with new director, Harry Morrison, will commence hockey formation manoeuvres at the Memorial tonight.

Oakville Oaks will be along to provide the O.H.A. Big Eight group start off tid bit. Glad of a talk with Spits bossman George Byers this week. Genial George is enthused about this year's Spitfire crop.

George's enthusiasm is catching; we admire it and judging from early appearances, Spits' win five in five, George and his Spitfire board have passed it down to their puck pursuing pack. Indeed it looks like we're in for the liveliest hockey season in years.

There'll be new faces to grace the Spits line-up and a big group to boot so we'll get variety. That's all to the good. If you'll pause to reflect with us, wonder if we ever realize the amount of work required to round up a team and get the club finances in shape. It's a big job.

Geo. Byers and company have worked long and arduously at the task. There's just one reward they ask, good fan support, and of course if the Spits come through Spits' executive will be the happiest birds in North York.

Hockey season must be officially here. Eddie Bush, the People's Choice to get lost, was a visiting celebrity last week. Eddie departed with one observation, Spits better keep their heads up. Shipbuilders are out to pull down another title; no Eddie it's our turn; this is the Hub year.

Tomorrow troubles: National Optimist Week. So it's a good time to bring up the subject again. Think this scribe has mentioned it before; Optimist Clubbers are doing a tremendous job keeping Hub minor sports alive. They've already gone in for the sponsorship for a six-team N.H.L. loop and come again with a midget crew for North York action.

Their funds won't stretch to include the burden of a North York bantam entry. That leaves a gap in our hockey round-up. Wonder if the sports minded Legion, the Lions or the Rotary Club would consider taking on the job?

Main item would be the purchase of sweaters and an hour's ice time Friday nights. Problem two concerns our juveniles. No sponsor for them. Our Ontario street scout Freeman West reports 15 to 20 players available.

There's a ready-made league waiting for both bantams and juveniles and it won't entail too much gadding about the countryside. If you're sponsorship minded, give a holler.

Who's for basketball? Several

OUR OFFER \$130

President George Byers of the Newmarket Spitfire hockey club announces that many new faces are being iced along with a strong force of last year's boys. "Our executive feels that this is the year to bring a championship home to Newmarket. It is our sincere hope that Newmarket's gallant fans will turn out and give these boys your loyal support as they are ready to provide you with some real hockey," he says. "We have a large grouping this year and you will have the pleasure of seeing many new clubs in action. We invite you to join us at tonight's (Thursday) opening game of the schedule with Oakville. We solicit your support."

### Spits Int. A. Schedule

Here we go again on another intermediate hockey season. Spits will crack open their 1952-53 O.H.A. Intermediate A oyster tonight at the arena.

Along to provide the first league home opposition for our Spitfire tribe will be Oakville Oaks. The Oaks are an unknown quantity but considering past years' performances they'll come up with a strong ice-winning platoon.

Spits take the ice tonight with a four game winning skein behind them in exhibition contests. There's no doubt this year's crop of Morrisomen can pot goals. In four exhibition games to date, they ran in 34 tallies, or better than eight a game. That's going some, as you'll all agree, and more of this prolific scoring could shoot them to the top of the Big Eight ladder and keep them there.

Coach Harry Morrison has been pleased with the Spits' hustle to date and appears to have complete harmony in camp. As for tonight's line-up Ken Tupling will likely get the nod, on the heels of his super-shot blocking job at Georgetown, to guard the cords.

For protection, "Speed" Tupling will have Al Shewchuk, Long Jayn Andrews and the Uxbridge free-wheeler, Ross Hochberg. Coach Morrison will present three forward lines to carry the attack and the fans will likely get a look at last year's regulars, Don "Spider" Gibson, Grant "Rocket" Firth, Myles McInnis, Bill Patrick, Don Smith, Ken "Bugs" Broughton and Bill Johnston.

Tommy Brodie and Grant "LeRoy" Winters, Aurora products along with dippy doodling pivot man Fred Houghton and Bill Mabbett, fresh from a year in the Scottish League, will provide the new look. It all adds up to a new season of hockey spills and thrills. Game time is 8:30 p.m.

### Aurora's Midgets N.Y. Baseball Champs

Baseball pushed its way back on the sport scene Friday last for a brief moment as the Aurora Legion midgets, North York midget baseball league champions, were guests of the Aurora Legion, their sponsors, at a concert and presentation night.

The Legion took the occasion to present each member of the championship winning team with fifty windbreakers suitably created. Players on the receiving end were Cliff Murrell, Ron Knowles, Grant Edwards, Bob Andrews, George Keroff, Bud Sutton, John Hann, Bill Wray, Jack Brooks, Herb McKenzie, Jack Morgan, Jim Hammond, Stu Williams.

Coach Fred Wilson and assistant coach Bill Murrell were also gifted. Ab Hulse and Dr. C. H. Boulding officiated in the presentation ceremonies. Alf Bobby was MC.

Instrumental in seeing that the Aurora midgets were fittingly honored for their championship winning feat were Legion District sports officer, Alex McLean, and W. Duckenfield.

### BEARS GROUPED

Aurora Bears will be grouped with Collingwood, Midland and Owen Sound, according to official advice received by Bears' manager, Andy Closs, late Wednesday afternoon. Aurora, Collingwood and Midland carry a Junior C rating. Owen Sound are Junior B. The conveners' meeting to draw up a schedule will be held in Collingwood on Monday night.

League will finance a midget all star crew in the North York minor hockey league. Lawell Waller has been appointed coach of the team. The Optimist midgets will be grouped this week when the North York league representatives meet.

## Trim Georgetown Twice Spits Take Four In A Row

Good news for all you kiddies. Seems we've got a hockey team that can win. Newmarket Spitfires carved out another pair of victories, (that's four in a row now), over Georgetown in their "get ready" skirmishes last week.

Thursday here, the Morrisomen conked Georgetown 9-5 and "dood it" again Saturday 7-3. Al Shewchuk, the Spits' cyclonic rear-guard, paved the way for the Spits to get on the hope and glory road Saturday with a corking two-way defensive show and sparkling four-goal sniping effort.

Keith Collings, Myles McInnis and Tommy "Speed Ball" Brodie got into the scoring act with Spits' other kill shots. Saturday, Coach Harry Morrison could only find 11 Spits around to do his bidding. There was goalie Ken Tupling who played a whale of a game, and got sharp defensive support from Al Shewchuk and Jack Andrews, the only two regular rear-guards.

Don Gibson, Myles McInnis and Grant Firth formed one attacking corps; Keith Collings did double duty, setting up plays for Tom Brodie and Bill Johnston and stepping out between Don Smith and Ken Broughton to keep them pass supplied.

You might wonder how the Spits could do it, understaffed as they were and the answer can be summed up in one word, hustle. Spits were in a hurry, and more of the same, and Eddie Bush and company and anyone else for that matter had better watch out.

For a recap of Thursday's scoring, Georgetown drifted a quickie long shot past Bill Mulholland; it completely fooled the Mountie Grad, to start the free scoring session away. Ross Hochberg, our free-wheeling defense biffer, latched onto a pass from Bill Mabbett to tie it and before the period curtain rang down Spits were leaders 4-2 on chord hitting efforts by Bill Johnston, Keith Collings and Don Smith.

Bill Patrick and Jack Andrews started Al Shewchuk away on a kill shot early in the second before Ron Dixon and Ken

Nash, visitors' aces, counted their second goals of the night to spark the visitors within one of a tie at 5-4.

Spits then blew in three without a Georgetown counter-punch to pull away again. Ross Hochberg decked the Georgetown rear-guard for a picture goal after Tom Brodie lent a helping hand. Keith Collings fired his second goal and completed his hat trick to open the third before a steady plugging Ken Broughton tipped a Collings' blue-line shot into the Georgetown clade.

Between Collings' third goal and Broughton's wind-up tally, Chappel, visitors' wing liner, beat Mulholland from close in for the Raiders' fifth marker.

Summarizing, Keith Collings sparked the Spits with three goals and two assists. Defensively Spits tightened up considerably from their previous outing. Bob Dixon, making his first appearance in Spits' regalia, was a help, working smoothly and efficiently along side Ross Hochberg.

Coach Morrison shuffled his line-up considerably, sending Don Gibson and Bill Patrick, regular wingers, to play making pivot spots while working centermen Bill Johnston and Bill Mabbett on the wing line.

### Keswick In Rural Hockey

The first trace of snow last week set the Keswick hockey pot bubbling. Plans for a strong rural representative are starting to take shape.

At the organization meeting of the Keswick Rural Hockey club last week, Tom Peckham was named president, Ed. Mahoney was returned as manager and Ken Davis has signed on for another year as coach.

Keswick has again entered the strong nine team Tri-County Rural Hockey League and will be grouped with Cobocook, Little Britain, Sutton, Cannington, Woodville, Port Perry, Cambridge and Haliburton.

Three of the teams in the loop, Sutton, Haliburton and Port Perry, carry a senior rating. Keswick defeated Cambridge to win the Tri-County loop's intermediate C title last season and expect to ice a stronger team than last year.

### KING CITY BACK IN HUNT

King City Maroons are back in the hunt for the Peel-York Hockey League title this season. Norm Taylor the Oak Ridges electrician and hockey man has been appointed coach. Bruce Hall is manager and Geo. Brown club president. The Lake Marie and King Athletic Association are again sponsoring the team. With most of last year's regulars back and several new recruits to grace the line-up we'll be as strong if not stronger than last year, reports Coach Taylor.

## DIURETIC MAY BE YOUR NEED when you're slightly "OFF YOUR FEED"

Listless, sluggish feelings often indicate your body needs aid in getting rid of waste matter. Millions of people find Kruschen Salts give them happy relief in such cases. There are two reasons why Kruschen does this. First, Kruschen is a gentle yet effective laxative. Second, Kruschen is a diuretic; it promotes healthy action of the kidneys. Thus, Kruschen Salts work quickly and thoroughly, to help you enjoy the pep and zest that come with complete cleanliness "inside." Try a little Kruschen in your morning beverage when needed... see how it helps to brighten the day!

## American Visitors In Aurora Celebrate A Family Reunion: Letter From Beverly Baxter

Loyalty has been defined as among the noblest of the virtues. Certain schools of philosophers have argued that the highest form of loyalty is that of love for one's native country. But whatever the differences in definition, one thing is certain: the most enduring loyalties are those which have their origin in the home.

This was made apparent in a family reunion that took place on Saturday night, Nov. 8, at the home of Mrs. B. Willis on Spruce street, when members of the Cornish family assembled in force to enjoy a turkey dinner as a prelude to celebrations that took in a two hours' showing of beautiful colored slides of New England scenery and personal mementos covering a period of four years since a similar gathering took place.

Those present at dinner were Mr. R. W. (Bob) Cornish, the eldest of four brothers, Mrs. R. W. Cornish, Mrs. B. Willis, Mr. and Mrs. Frederick Cornish, Mr. and Mrs. Ernest Cornish, Mr. and Mrs. Philip Cornish, Mr. Jess Cornish, an uncle of the Cornish brothers, who is hale and hearty in his 83rd year, and Mr. J. R. Willis. Later in the evening the company was joined by Mr. Douglas Cornish, son of Mr. Philip Cornish, Miss Ruth Parr and other guests.

### Emigrated From England

The Cornish family emigrated from Bristol, England, to Canada in the year 1909. They settled in Toronto and with the passing of the years the family has enjoyed prosperity. In 1915 Mr. R. W. Cornish took a position with the Norton company in Worcester, Mass., and after holding several positions with his firm, which is one of the largest manufacturing operators in the world, he has for the past ten years been chief supervisor in the work of the training of salesmen. Mr. Cornish is now in his 38th year of service with his company.

The showing of the pictures in color, which Mr. Cornish brought with him from his home in Holden, Mass., proved a delightful experience for his privileged on-lookers. A great variety of New England homes was portrayed on the screen, many of these providing evidence of the loyalty of New Englanders to the Motherland, England. Tudor and later styles have been closely copied from their historic originals.

The majestic pastoral scenery of the State of Massachusetts was magnificently described in a long series of camera shots, as well as many breath-taking "snaps" of floral culture, some of which were grown at the Cornish home in Holden.

On Sunday, Nov. 9, further Cornish gatherings took place at the Guild of All Arts and at the home of Mr. and Mrs. Philip Cornish in Toronto.

Our American visitors said they had had a grand time in returning to Toronto and to Aurora, where they have many relatives

### REVIEW OF COUNCIL

## 1952 Council Has Faced Up To Many Difficult Problems And Tried To Do Good Job

The 1952 council has been confronted with an unusual amount of heavy business. That is the first thing that must in all honesty be said here. Four of the nine men who were entrusted to these responsibilities were new to council work. They had to learn their job, and it is a job that is not too easy to learn.

It was most fortunate that the head of the table was a man experienced in municipal affairs and a good business man also. It would have been most unfortunate had it been otherwise, with someone in the chair who was himself inexperienced. That would have been a real instance of the blind leading the blind.

Mayor Rose had served on council and later as mayor for two years. He had knowledge which he could impart to the in-plates, as those who heard his inaugural remarks will remember. In his third year in the chair his mayoral career has been. He has carried out his job most successfully.

By and large the business of council in 1952 has run smoothly, with interludes of sharp contention to which we shall presently refer. There is no reason to regret these differences. On the contrary they prove that council has not been a body of "yes-men." Strong differences of opinion are an indication that council is being taken seriously. Where there are no differences there is stagnation only. The 1952 council has not been stagnant.

One of the projects initiated by the present council has been completed, its record establishment will be completed. One of the most out-

### COULD LOSE EVERYTHING

A special meeting of council is being held this evening, Thursday, further to consider the zoning by-law in a committee of the whole. In a recent letter to the press the town solicitor, Mr. Lorne C. Lee, dealt with features of the by-law which are of the greatest gravity to property owners. Pointing out that zoning includes the whole of the Town of Aurora, Mr. Lee said: "I am afraid that our citizens are not aware of what this zoning means to them."

He then asks: "Do the owners of property know in what zone their property is located? Do they know that in many instances they would be unable to ascertain this information from looking at the map; that they might have to engage a surveyor for this information? Many of our citizens own parcels of less than one acre in size which parcels are located in the proposed green belt."

Mr. Lee then proceeded to show how in certain circumstances property owners could lose their rights in their property.

Here is what he wrote: "The by-law provides that no buildings can be constructed on any parcel in the green belt of less than one acre in size. In the event that any existing building should burn down or be destroyed, the owner of the parcel of land will have lost all use of same. Practically all the buildings along the creeks of our municipality fall into this category."

Regarding the complaint made in council that "filibustering" was responsible for the delay in passing the zoning by-law, Mr. Lee commented in the following terms: "The Planning Board has had this by-law and the zoning map under its consideration during the first eight months of 1952 and then in September of this year submitted it again for approval by the council, without having done anything to overcome the objections that were made in 1951."

We believe that a majority of the members of council are rightly opposed to shackling the town of Aurora with this dictatorial by-law. In that case why waste further time and expense on it?

### ARENA MANAGEMENT

Arena problems have been and still are so much a matter of public discussion that no apology is needed for continuing it. As our readers know, we have repeatedly recommended that the management of arena affairs should be amalgamated with the work of the Recreation Commission.

Apart altogether from the question of the personnel of the Arena board, the town of Aurora is losing money each year in consequence of the present setup. This was made clear in the article we published last week, written by a former member of the Arena board and the Recreation Commission, Mr. T. F. Swindle.

"If the Recreation Commission," Mr. Swindle pointed out, "were operating the present arena, under present government regulations, a grant up to a maximum of \$4,000.00 a year would be available; but under the present setup only about \$2,000.00 of that amount is available. So the community is losing between \$2,000 to \$3,000 a year and getting a dawdling, inefficient administration."

To that Mr. Swindle added the following comment: "The Recreation Commission would present a proper financial statement and accounting promptly each year; the press would have access to its meetings and could keep the public informed; and the public's confidence would be restored."

### KNOCKING THE TOWN

From time to time the other paper charges us with knocking the town. But it gives no specific instances. The reason it does not do so is because such charges are false. We have "knocked" certain cliques and would-be "dictators" in the town. But that is a very different thing from knocking the town itself.

As a matter of fact we have constantly boosted the town and the amiable and neighborly people in it. Why should we "knock" a town that we live in and like, and the majority of the people who are personally known to us, many of whom are our friends and a great many others our very loyal supporters. Scores of people in Aurora have been named by us during the past few years for their good works.

To name them has been our personal pleasure. Most of the industries and organizations in town have been written up by us over the years as a public service. For such work we have sometimes been thanked and sometimes not. We have never looked for thanks. We have tried only to do a job for the town in which we live and enjoy a happy life.

To introduce a personal matter, of which a few people in Aurora are already aware, we could have gone elsewhere at the time of the Banner change-over in March, 1951. We were then offered the editorship of one of the oldest and best-known weeklies in Ontario in the very same week in April, 1951, that we chose to join the Era and Express.

We have never regretted the choice we then made. We like Aurora and the majority of the people in it whom we personally know. Aurora is a good town and the charge that we have "knocked" it is both false and fantastic. Even so, some Banner addicts might believe it!

### COUNCIL SIDELIGHTS

## Some Members Of Council 'Resent' 'Council Sidelights' Banner Bans Murray Speech

Recently we learned direct from the "horse's mouth" that our feature columns, "Council Sidelights", were "resented" by members of council. It was agreed that our reports of council left no room for complaints. It was further agreed that our editorial opinions were our own business. But the line was drawn at "Council Sidelights". They were "resented".

When we asked why, we could get no clear answer. We asked Reeve Cook, who listened to the discussion, if he could give us any instance where we had misreported or misquoted him in anything we had written. The reeve said he couldn't say, and gave as his reason that "he was far too busy a man to find time to read our newspaper." Yet the reeve has found time to condemn our paper. Now can you honestly condemn a thing unless you have some knowledge of it?

At the last election Reeve Cook took some of our writings, dating from the spring of 1950 and had them reprinted to support his re-election to the 1952 council. The leaflets, containing a photo of the reeve, were distributed throughout Aurora during the closing hours preceding the election. The reeve secured his election and the Aurora Banner admitted that our writings, reprinted by Mr. Cook, helped to win him many votes.

Now the reeve assured us and two or three listeners that he is "far too busy a man to find time to read our newspaper." Well, it's always interesting to learn the facts direct from their original source. Reeve Cook does not read our newspaper. That's one for the record. "Council Sidelights"

May we explain the purpose of "Council Sidelights", which we have been writing for over three years and which some readers appear to like more than other features in our newspaper. They are an attempt to describe informally what has taken place at council meetings.

After listening for three to four hours while members of council discuss the business of the town, an observer should be able to form some opinions of his own. We cannot put these opinions into reports of council, which would be a most unethical thing to do. Reports are one thing; comment is another. We don't get the two mixed up.

Sometimes in "Council Sidelights" we try and give close-up pictures of members of council. We cannot see that there is anything wrong with that, although difficulties can arise, as we found out a couple of years ago when we said something about members enjoying a cigarette.

Mr. Don Glass later assured us that he hadn't smoked a cigarette for years. Of course we did

### RECREATION COMMISSION

## Reports Show Square Dance Club Proving Very Popular

A long session of the Recreation commission was held on Thursday night, Nov. 7, much time being taken up with discussions on business of a routine character. Don Glass presided and there were also present Councilors Corbett and Murray, J. E. Buchanan, J. Offord, Les Steadman, W. Davidson, T. F. Swindle, P. E. Perryment, recreation director, and W. Harvey Bell, secretary-treasurer.

Following a reading of the minutes of the previous meeting and presentation of accounts, the chairman announced the resignation of William Allen from the commission, resulting from business reasons. Mr. Glass expressed regret at the loss of a valuable member and on a motion by Councilor Corbett seconded by Mr. Buchanan, the secretary was directed to send a letter of appreciation to Mr. Allen for services rendered to the commission.

Tributes by Mr. Swindle and Mr. Buchanan were paid to Mr. Illyd Harris and members of his choir for their appearance at the banquet given by the commission at the Graystones.

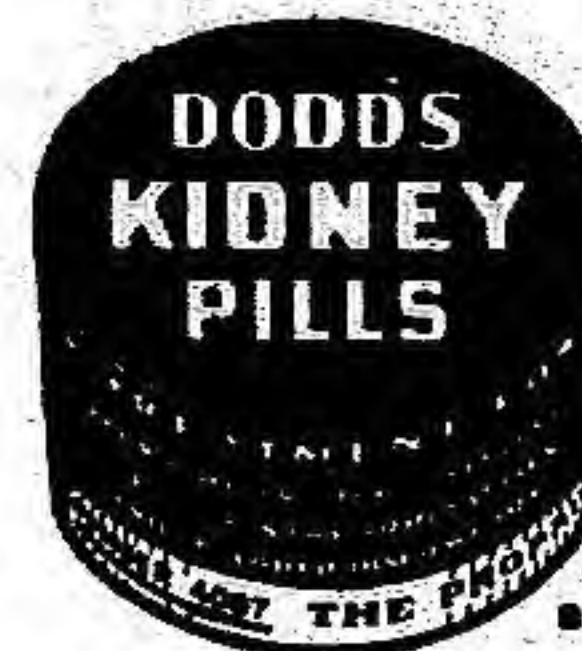

### Reports

Reporting as chairman of the social committee, Mr. Offord gave very heartening accounts of the success of the square dance club and the Saturday evening dances. The reports indi-

cate that these activities were being well supported. Appreciation of the reports was expressed by the chairman.

Mr. Buchanan stated that the handicraft classes were now getting under way. In a report on the playgrounds, Councilor D. J. Murray said it was hoped to arrange hockey and outdoor skating on the Tyler street and Macchell avenue playgrounds. Mr. Swindle complimented Councilor Murray on his success in acquiring the Macchell avenue property for use as a playground, an objective in which Mr. Murray had succeeded, said Mr. Swindle, where others had failed.

The recreation director reported assistance promised by the Lions and Rotary clubs and also from the Legion. A membership of 12 children had been secured at the present time for the dramatic club, the direction of which would be undertaken by Mrs. Stavert.

## COUNCIL SIDELIGHTS

Continued from page 9  
jumped up and retaliated with a fierceness that is unusual to his genial nature. He was taking no "insults" and told the council so in no uncertain language. Even so genial a councillor as Clarence Davis was with the warpath after Mr. Tucker and Mr. D. J. Murray had had their say.

It was an unfortunate episode, engendered by the quite unnecessary remarks of Col. Dann. But we don't think that the representations of Mrs. Askew and Mrs. Fielding were prejudiced in any way by comments over which they had no control.

**Case of Self-Defence**  
Councillor D. J. Murray made his best speech in council on Monday night, Nov. 3. He spoke in his own defence against the attacks made on him at the joint meeting of the council and arena board, by Mr. Underhill and Mr. Cousins. Mr. Murray is a good speaker. He never rambles away from the points at issue. He builds up his case with argument and evidence and does so concisely.

Instead of abusing him, we wonder why it is that chairman Underhill and vice-chairman Cousins have never taken an opportunity of thanking Mr. Murray for the energy he has shown on arena affairs. Immediately council appointed him as its representative on the arena board he went right after getting the arena fixed and cleaned up. Far from pleasing the board, his energy appears greatly to have annoyed it.

The more Mr. Murray is attacked, the greater his popularity grows. We have heard several people say that they did not vote for him last time but will certainly do so on December 1. Rink fans know that he has been working hard in their interest and the ratepayers know that he has been giving fine service to the town right through the year.

He certainly smote his critics at the last council meeting, without showing the least trace of ill-feeling. Whatever Mr. Murray may feel, he never displays anger. He had two or three hard bangs at the Banner for its reporting misrepresentations.

Two weeks ago it actually reported that he had moved a vote of confidence in the arena board. That was certainly a "whopper".

and could mean a loss of some votes for Mr. Murray on the part of those who were misled on the facts.

The Banner retracted its error in last week's issue, without apology. One thing it did not do; it did not report one word of Mr. Murray's ten minutes' speech in reply to Mr. Cousins and Mr. Underhill. Such an omission was not fair to Banner readers, who were thus kept in the dark on important council business. Yet the Banner makes the claim that it reports the news "without bias." Curious indeed are the reporting ways of the Banner. It might seem that when the news does not suit it, it suppresses the news.

**New Town Clerk**  
Mr. George Wilkinson was selected from as many as 21 applications for the position of town clerk and treasurer. We think the appointment is an excellent one and we wish Mr. Wilkinson every success in his new position. A naval veteran, he has had excellent training and experience for his new job and holds certified qualifications.

He is very likeable, courteous and obliging, and he will prove a success in his public relations. We looked over the applications for the position and there were only two among them that could rank in a competition with Mr. Wilkinson, but neither of the two applicants had the municipal or the examinations' qualifications which he possesses. The jobs of town clerk and treasurer are responsible ones, and as we have said, we think the right man has been appointed.

## ARMITAGE

The lack of rain in this area is causing many hardships with wells dry or nearly dry.

The Reids spent Sunday afternoon with Mrs. Reid, Aurora.

## AT NEWMARKET HOME-SCHOOL

## U.N. Speakers See U.S. Freedoms Curbed

"The fruits of fear and hate are destruction and death. The fruits of love and co-operation are fulfillment and life," said Mrs. Charles Catto in concluding her report on U.N. activities to the Newmarket Home and School association at its October meeting. Held in the Prince Charles school, the meeting was addressed by Mrs. Fred Becker and Mrs. Catto.

In their report of trends in the United States, the speakers expressed concern over the loss of freedom of thought and speech in that country.

Both women, executive members of the Toronto branch, U.N. association in Canada, had attended the opening of the United Nations assembly in New York. Together with two other women they motored to New York and spent a week attending meetings of the general assembly.

Their on-the-spot report was presented informally following their introduction to the group by Mrs. Myrtle Purcell. Mrs. Arthur Lloyd, citizenship convener, was in charge of the meeting. Mrs. C. R. Blockstock moved the vote of thanks to the speakers.

In beginning of their report, they said that their return trip covering seven days in New York had been managed with individual expenses ranging from \$60 to \$65. They expressed the wish that other women would follow their example, save their money and make a personal pilgrimage to the United Nations' headquarters in New York city.

**UN World Capitol**  
The U.N.'s world capitol, built on land donated by John D. Rockefeller, consists of three buildings. The first one built, the Secretariat, is an immense skyscraper of 39 stories which towers over the Conference and Assembly buildings. The latter, the most recently completed, brings the total costs to approximately \$68 million dollars. This amount has been born proportionately by the 60 member nations of the U.N.

The architects and designers have tried to bring a spirit of world brotherhood to their work. Member nations have furnished rooms, donated sculptures or other pieces of art. Canada's gift included the bronze and plate glass doors of the main entrance to the General Assembly building.

Some of the murals are rather startling. Visitors are told that they aren't supposed to see anything in them except pleasing color. Critics have named one, "ghost in flight" or "fried eggs". Another was called, "Bugs Bunny in conflict with himself." It was added that if the delegates could solve these murals, they'd be able to solve anything.

**Opening Day**  
"Tuesday, the opening day of the seventh session of the United Nations' General assembly was a very beautiful day. It was the first meeting in their new, permanent, magnificent and impressive home. A wall of glass, the Secretariat gleamed in the sun. With the East River in the background, the 60 flags in a ring and the fountains which are a gift from the children of New York city to the children of the world, it presented a picture of great beauty," said Mrs. Catto.

The president of the assembly and the secretary-general, Trygve Lie, sit at a table of marble on a raised dais. It is equipped with earphones and a set of switches which enables the listener to dial in one of the five speaking languages of the U.N., English, French, Spanish, Chinese and Russian. The desks of the delegates carry similar equipment. Interpretations are almost simultaneous.

The speaker's rostrum stands to the fore of the dais and lower than the presidential table. In it are two clocks, one which tells the time of day and the other which tells the speaker how long he has been talking. It has another set of levers which lowers or raises the rostrum to the speaker's height.

On the wall behind the presidential table is a great circle bearing the U.N. emblem. It is surrounded by 60 discs which will bear the seals of the member nations.

Mrs. Becker and Mrs. Catto attended the opening sessions of the assembly and were present for the election of the president. Dr. Lester Pearson received a large vote but found himself in hot water almost immediately upon taking office. One of the Russian delegates made an issue over a point of order.

Trygve Lie spoke for some time at the opening session. He said that now that the United Nations had a permanent home, some place other than in the

## What They Are Saying

Continued from page 9

### True Prophecy

On October 31 Mr. Joe Smith made a weather prophecy which already has been fulfilled. On that date the moon was at the full and the weather excellent. Mr. Smith said his father, who was a farmer, had closely studied weather conditions and their portents. Remembering his father's reckonings, he said that we would experience no bad weather until after November 10 or 11. After these dates he could not prophesy.

Apart from one rain shower and some snow flurries, we have had fine weather since October 31. We told Mr. Smith we would keep track of his predictions, which have proved to be correct. We regret we cannot award him a Banner trophy or other prize or plaque. But we do offer him our sincere congratulations on his accurate prognostications up to this date of writing, which is Monday, Nov. 10.

He could also, of course, keep a clipping from the Era and Express as heresy written, in printed proof of his meteorological prescience. And for all of this it would cost him only a nickel! Mr. Cook's Challenge

Reeve Cook somewhat sarcastically threw out a challenge the other night in council when he recommended critics to try and get themselves elected for office. He appeared to be looking disapprovingly at us. Greatly as we would appreciate the honor of being elected to office by the citizens of Aurora, it would be most unethical for a newspaperman to report his own speeches, especially if they were critical of Reeve Cook.

He might start reading our paper and justly complain that we were giving more space to ourselves than to him, which

Continued from page 9  
panted by the town foreman, Mr. J. Goulding.

## REVIEWS OF COUNCIL

**Contentious Questions**  
Among the contentious questions which the present council was called on to decide, meters took a foremost place, with the zoning by-law still to be decided. At its meeting on September 3 council decided to keep the meters by a vote of six to three. Those voting against meters were Councillors Corbett, Jones and Murray. It was not an easy problem for council since considerable opposition to meters existed among merchants as well as citizens.

Council did get on to one bad spot in March when it yielded to a recommendation from the Finance committee (the chairman of which is Reeve Cook) that the town hall be sold. This was a most retrogressive proposal which fortunately has not materialized. Since office space has now been rented the likelihood of the "seat of government" being moved from the Main street appears to have permanently disappeared. For the best of reasons, the town hall of a municipality should be on its Nov. 14. The decision was reached, Main street, not in some remote town area.

The Planning board has always been a contentious question in Aurora. So that it was to the credit of Councillor Clarence Davis, as a young member of council, that as early as the month of February he questioned expenses concerned with its operations. We have seen no statement so far of its working costs during the present year, drawn from the \$800 allocated to it in the budget schedule.

The Dog Control contract has proved a contentious subject. But we cannot see that council should take the blame in this matter, acting as it did in the best interests of the citizens. There have been difficulties in this first year of operation, and these were frankly admitted by the delegation (Mrs. Askew and Mrs. Fielding) which attended council on Monday night, Nov. 3. The explanations given by these ladies were convincing and satisfied council. If a new town by-law is put through quickly dog control should then become effective, to the satisfaction of the citizens.

**By-Law Rescinded**  
At its first regular meeting held on January 7 the 1952 council took steps to rectify a bad situation that might have arisen from a dangerous by-law passed by its 1951 predecessor. This was the by-law enforcing new buildings on Yonge street to be put back 55 feet from the centre of the highway. In effect it meant that any store on Main street that might be burned down or destroyed could not be rebuilt unless it were erected 55 feet from the centre line of the Yonge street highway. Had this by-law been allowed to stand it could have meant that any store or building that was burned out

could easily happen. As the spectator sees most of the game, we think we can better serve the citizens by reporting what we hear rather than by what we might say. We can say it anyway in these columns and still have space left over to publish what our critics have to say of what we have said. Which is fair enough.

out of the U.N. and the U.N. communities, churches and schools? We know the fruits of fear and hate at the local level. We must all play a part in our country's spiritual awakening. We must come alive and be vital in our willingness to go all the way through to the national level and to the international level.

"The number of communists in the world has grown from 100 millions to 800 millions in the last 30 years. We will be defeated by communism if we who are Christians do not live as Christians. We have become apathetic. We must start to live what Jesus taught us, and to love our neighbor as ourselves. We can't overcome communism with atomic bombs. They may defend us for a while. We must believe when we pray, 'Give us this day our daily bread,' that we are asking not just for ourselves but for all mankind, regardless of creed or color," she said.

or destroyed could not be replaced unless there were sufficient land at its rear to meet the legal requirements. This by-law was rescinded but the matter did not end there. The by-law having been passed in August, 1951, the consent of the Municipal board was required for its repeal. The Municipal board's representative was present at the town hall on March 19, 1952, to hear objections from property owners to the repeal of the by-law. Among the dozen property owners who attended this most important meeting was Mr. Alex Bell, former mayor and responsible pilot of the restrictive by-law. He made an able defence of the by-law he had fathered through council.

Only one member of council was present at this meeting, and it is our opinion that had not Councillor D. J. Murray been present on behalf of the property owners, and his own property interests, a review on the part of the Municipal board to uphold council's decision to repeal it might have been postponed or, alternatively, refused. This is what we wrote at that time: "Immediately after Mr. Murray was seated the chairman tapped the table with his pencil and said, 'Appeal granted.' It was all over. People looked around at each other, then stood up, with Mr. Murray receiving congratulations. There is little doubt that his brief but effective speech decided the matter there and then."

### Judged as a Whole

Council work is not an easy chore; let no one fool himself that it is. There are a lot of people to please, and no one can please everybody. It is our conviction that the 1952 council has worked in the best interests of the town, though it has made mistakes of judgment. These mistakes have been concerned chiefly with the Arena board. If they have been mistakes motivated by generosity, they have been mistakes none the less. It may be generous to try and acquit members of a board who have fallen down on their job; but it is a mistaken generosity to continue acquitting a board which shows no willingness to get up and get going in face of repeated fallings down. And to press for votes of confidence in face of stubborn contrary facts.

Apart from such mistakes, our accumulated impressions of the work of the present council are that it has tried, and largely succeeded, in doing a good job on the whole. The foregoing list of accomplishments provide the evidence for such a claim. The 1952 council has accomplished much more in practical service to the town than its predecessor. Judged as a whole, there has been better team work and considerably less friction.

There has been much more argument on occasions; but there is a world of difference between good argument and mere friction. Friction leads merely to stalemate and stagnation; but out of good argument comes progress. Putting it in another way, we have seen no evidence of what might be called cliquism in the present council.

Some members have been more forceful, shall we say, than others. But that will allow happen. These differences we shall try and describe in a future article, in an effort to evaluate the relative services rendered by eight members of council to their municipality.

Of course, when a new bridge or highway is completed, it's traditional for some prominent citizen or government official to cut the ribbon in the opening ceremony. And yet...

Often this honour might be awarded with good reason to any one of the nation's life insurance policyholders.

Why should they deserve this distinction?

Because it is their premium money, part of which is invested for them by life insurance companies, which makes it possible to build many such useful public works. Not only roads and bridges, but electrical power stations, waterworks, stores, homes, office buildings and industrial plants are built with the help of life insurance dollars.

So here's to the life insurance policyholders! While they provide financial security for their families and themselves, they also help make Canada a better land to live in!

**WITH VOICE AND HARP**

With voice and harp; that is how we were charmed away from everyday things when the Canadian Concert association of Newmarket put on the first concert of the season Tuesday, Nov. 4.

When Jon Vickers, tenor, made his appearance, one could not help but be struck by his magnificent physique and ease of manner. For the moment I was disappointed when I saw that his first selection was "Where e'er you walk", for it has been over-sung and not always pleasingly. But when he sang "O Loss of Sight—Total Eclipse", Jon Vickers came into his own.

We descended to the depths with the man who had, in his past greatness, loved the sun and all it shone upon. The singer took us with him into the total eclipse. To me, at any rate, there was a queer, panicky feeling that darkness was closing down upon me. Can a singer's art do more?

Then that beautiful instrument, the harp, made its appearance and to play it, there came from the wings, a young girl like a fairy princess. She was so delightfully young and delightfully pretty that a pleased smile came over every face of the audience. Then she played and her mastery of a difficult instrument became apparent.

I had been reading up a bit about the harp that I might listen more intelligently and the fact that light and shade, piano and forte had to be produced by the fingers and not by the pedals, made me realize that a tremendous amount of physical energy must go to its conquering. Her numbers, the two Largos and the Aria and Rigandon gave great scope to her virtuosity and showed how much diversity of tone can be produced by one who knows the instrument.

Jon Vicker's next two groups of songs, English and French, brought out another side, the lighter side of his voice. Humor, sweetness, nuances of light and shade, made these selections delightful. There is something about these French chansons that capture the imagination. Hilda and I even managed to follow them a little, although my French is rusty. But one could follow them by both the facial, and vocal expression which this singer possesses in no small manner.

Then came Donna Hossack again with a very different type of solo. In the first numbers one heard the little brook in the woods, rippling along; in the second one danced with Lolita;

# Musical - 'Just For You' Soon At Newmarket

There's a good time in store for movie fans when Paramount's technicolor musical production, "Just For You", arrives next week at the Roxy theatre, Newmarket. According to all advance reports, the film which co-stars Bing Crosby, Jane Wyman and Ethel Barrymore, is one of the warmest-hearted entertainment delights of this, or any other season.

Said to be rich in spectacular production numbers and lavish costumes, "Just For You" also boasts 11 top tunes that include the very popular "Zing a Little Zong", "Just For You", "I'll Si-Si Ya in Bahia" and "The Live Oak Tree." The "Zing a Little Zong" number is a terrific follow-up to "In the Cool, Cool, Cool of the Evening," that smash hit from an earlier Crosby film, and Bing and Jane present it in their own wonderfully intimate style.

The story told by "Just For You" is tailored to the personalities and talents of Bing and Jane. Based on Stephen Vincent Benet's "Famous," it concerns the private life of a successful composer-producer (Bing), a widower with two teen-age children, who wants to marry musical comedy star Jane Wyman. He discovers, however, that in the process of devoting himself to becoming famous, he has so neglected his children that he is in danger of losing them. Jane tries to help him win back their love, but in doing so becomes hilariously involved with Bing's 18-year-old son. Before she and Bing can get together a lot of fun is dish-ed out to the tune of Bing's best musical score.

Ethel Barrymore portrays the headmistress of a fashionable school for girls to which Bing sends his young daughter. Natalie Wood plays the daughter, Bob Arthur the son.

"Just For You" was produced

Song-and-dance team Bing Crosby and Jane Wyman do some lively stepping and vocalizing in "Just For You," coming next week to the Roxy Theatre. They are co-starred with Ethel Barrymore in the production which has a score of 11 new hit tunes.

## Talented Jane Wyman Never Did Stage Work

Everyone in Hollywood claims that stage experience is essential for success in pictures. Everyone but Jane Wyman! Although she admits that a theatrical education is extremely helpful, Jane says it is not absolutely necessary. "A stage background is very valuable, of course, but it is possible to do fine without it," Jane explained between scenes of Paramount's "Just For You," the technicolor musical at the Roxy theatre, Newmarket, next week, which co-stars her with Bing Crosby and Ethel Barrymore.

"Look at Bing Crosby, for example; Bing never studied drama and knew nothing about the theatre when he began his screen career. It certainly hasn't hurt him. Of course, Bing is an exception to all the rules. He never took a singing lesson, either."

While she is too modest to use her own case history as an example, Jane is another top star who made the grade in pictures without benefit of a stage background. She had no training of any kind prior to coming to Hollywood and her only contact with the stage occurred while she was singing with several small bands in the mid-west.

Long regarded as one of the most talented stars in the industry, Jane won an Academy award for her outstanding portrayal of the deaf-mute in "Johnny Belinda." If Hollywood gave an "Oscar" for versatility alone, Miss Wyman would cop the statue hands down. Having proved her ability both as a dramatic actress and as a comedienne, Jane is now being hailed as the nation's new recording star.

The lovely star says she owes her new singing career to Bing Crosby who asked her to record with him "In the Cool, Cool, Cool of the Evening," from their last film, "Here Comes the Groom." This turned out so well that a contract from Decca followed.

Jane does quite a bit of singing in "Just For You," which boasts a score of 11 top tunes including "Zing a Little Zong."

Mr. and Mrs. Howard Palmer, Toronto, spent Sunday with Mrs. Julius Rynard. Mrs. Rynard returned with Mr. and Mrs. Palmer to spend the winter with them.

Mr. and Mrs. Andrew Neilson held a sale of some of their household furniture, also of their house and property. Mr. and Mrs. Neilson intend to live with their daughter at Sharon.

Mr. and Mrs. D. Blackstock and children spent Sunday with Mr. and Mrs. Ivan Law.

The W.I. chartered a bus on Thursday and attended the W.I. convention held in the Royal York, Toronto. All report a wonderful time.

The W.M.S. of the United church held its annual meeting in the Sunday school room on Wednesday of last week. Mr. Thornloe conducted the meeting during the appointment of officers. All the officers were elected by acclamation as follows: hon. pres., Mrs. Wm. Rynard; pres., Mrs. Jno. Lockie; first vice-pres., Mrs. D. Graham; corr. sec., Mrs. C. Pickering; rec. sec., Mrs. O. Silversides; press and subs. sec., Mrs. Jas. Galbraith. The group leaders were also elected. The annual bazaar will be held on Friday, Dec. 5, in the Sunday school room.

A distinguished resident of our village passed away last Monday in the person of Miss Jessie Duncan. Miss Duncan resided with a life long friend, Mrs. Emm, since last May. Miss Duncan was for 40 years, a missionary in India. Since her retirement she spent most of her time writing books, telling by prose and poetry, her many varied and wonderful experiences spent in the mission fields.

It was an inspiration to converse with Miss Duncan, she having such an insight into the spiritual and worthwhile phases of life. Miss Duncan passed away rather quickly due to a severe heart attack. The burial took place at Stratford, her home city.

Rev. Scott, moderator of the general assembly of the United church had charge of the funeral services. Mrs. Emm attended the services.

A number from here are holidaying in the north country deer hunting.

Our new school is beginning to take shape and has the appearance of a new modern school house. Some difficulty is being experienced in obtaining a sufficient supply of water in the well being drilled by Bowdway well

drillers. Mrs. A. B. Lockie spent the weekend at St. Marys. We are glad to report that Mr. and Mrs. Horner Walker's little daughter is able to be home again, after spending some time in Newmarket hospital for observation and treatment. Little Cheryl Anne is one year old and is a bright, happy little girl. We hope she may recover completely from her recent serious illness.

Mr. and Mrs. Rene Jones and family have returned to their home in San Lorenzo, California, after visiting in Zephyr with Mrs. Jones' brother-in-law and sister, Mr. and Mrs. Clarence Pickering.

Don't forget the Zephyr Women's Institute on Wednesday afternoon, Nov. 19, in the community hall. The meeting will begin at 2:30 p.m.

### \$2,000 DAMAGE IN MASHINTER FIRE

A flash fire in a small storage building belonging to Harvey Mashinter, King sideroad, east of Temperanceville, caused about \$2,000 damage to the inside of the building, destroying 300 bags of potatoes and a quantity of parsnips, an electric washing machine and a turnip waxer.

The blaze broke out late Friday night while Mr. Mashinter was at Elgin Mills. It is believed the overheated waxer caused the blaze. Spotting the fire from the highway, two neighbors summoned Aurora fire department which arrived six minutes after the call, to bring the fire under control one minute after arrival.

The house is only 50 yards from the barn. The blaze was confined to the interior of the building which was entirely insulated, thus saving the fire from spreading to main barn where 6,000 bags of vegetables were stored.

The rafters and walls of the shed which ordinarily is a garage, were badly damaged when the burning wax was splashed upward. The building and contents were insured.

Mr. Mashinter said he could not account for the waxer being lit, as it had been turned off early in the morning when it was found the turnips were too damp for waxing.

### KING

Resigns Trusteeship

The resignation of Donald M. Findlay, lawyer, from the three-man trustee board for the village will create a vacancy in village government on Nov. 20. Mr. Findlay submitted his resignation on Monday, Nov. 10, to trustees, C. F. Wells and W. A. Carson at the monthly meeting. It was accepted by the commissioners.

Mr. Findlay, who has been a village trustee for one year, tendered his resignation in order to be free for nomination to King township municipal council, which falls on Friday, Nov. 21, at Kettleby United church hall, when nominations for reeve, deputy-reeve and three councillors will close at 2 p.m. If a municipal election is necessary, it will be held on Monday, Dec. 1. King City village nominations will be held on the night of Friday, Nov. 21, corresponding with the same date as the township nomination.

Mr. Andrew McClure was named returning officer for the village in the event of an election being held.

**Undue Criticism**  
When Mrs. Alfred Gillham, Strange, spoke to Laskay Y.P.U. on the duties of a good citizen, recently, she stressed the essentials of a strong character, which embodies self discipline, simplicity, tolerance and sense of honor. Criticism is a detriment to good citizenship. When adults in the home unfairly criticize men and women in public office, they foster prejudice and lack of respect for those in authority. Young people in the home should be brought up in an atmosphere where respect for others, especially for those in public leadership, is fostered, rather than criticized, the speaker pointed out.

**Street Light Cost Reduced**  
As a result of a deputation of King City village trustees at the regional hydro office in Toronto recently, meeting with Major Lex McKenzie, M.P.P., Mr. Roy, manager of the Richmond Hill division, and Mr. Maddocks, regional official, a reduction of about \$73, was obtained in a bill submitted by hydro to the village in connection with installation of new street lights, alterations of others, and installation of new lines. Village trustees passed an account of slightly over \$902, for this work by hydro at their meeting on Nov. 10. Extensions cost \$1,153.05.

The cost of watermain extensions to the village of King City recently installed, amounted to \$1,153.05. This account has been approved by the trustees, subject to the approval of the engineer and his approval of the work itself.

**Remembrance Services**  
Remembrance observances were held in school and churches with public observance on Nov. 11.

At Kettleby United church on Sunday evening an impressive memorial service was held when King Legion veterans took part.

On Nov. 11 at 11 a.m., a short memorial service was conducted by the citizens at the cemetery when Rev. Graham spoke briefly. The W.I. placed the wreath at the memorial canon with the flag raised at half mast.

At Schomberg, on Nov. 11, Rev. F. V. Abbott, Rev. R. Symonds, Rev. G. E. Hunter took part in a brief public service. Wreaths were placed at the foot of the cenotaph.

In the district schools, various forms of services were followed. At King City school, the senior grades observed the silence on Monday, followed by a discussion from pictures on the origin and meaning of the memorial.

At Strange school the pupils dwelt on the poem "In Flanders Field". They did art work as portrayed in the poem and discussed the day of remembrance. Kinghorn school entered into the spirit of remembrance on Monday to discuss the significance of the day.

### BELHAVEN

Mrs. H. Kay spent Sunday with Mr. and Mrs. Frank Kay, Sutton West.

Misses Muriel Willoughby and Phyllis Pegg, Barrie, spent the weekend at their respective homes.

Misses McCullough and Farr, student teachers from Toronto Normal School, have returned to their duties at Toronto after teaching for a week at Belhaven school.

Sunday evening, Nov. 16, at 7:30 o'clock in Bethel church, there will be a special W.M.S. thank offering service. Rev. Mathers will have charge of the service and Sutton choir will provide special music.

Mr. and Mrs. Erhlyn Kay, Sutton West, visited Mr. and Mrs. Lloyd Kay on Sunday, Friday evening.

## King Township Farmers Form Federation Of Ag. Branch

The King township branch of the Ontario Federation of Agriculture is making steady progress toward complete organization and will hold the annual meeting in King Masonic hall on November 25, at 8 p.m. The interim executive has had three public meetings in the township and numerous executive meetings during the past six months. Interim president is L. J. Glass, King; first vice-pres., Frank Beatty, Kettleby; second vice-pres., William Groombridge, Schomberg; and secretary-treasurer, Ivan Specht, King. There are 20 directors.

On November 3, a delegation, headed by Mr. Beatty, attended King township council meeting and asked for a financial grant for 1952, requesting that the 1953 grant be changed to a levy system.

The following are some of the activities of the Ontario Federation in 1952:

The O.F.A. has a committee taking an active part in the discussions of the Ontario Conservation Council and has directed representation on the council.

The O.F.A. provincial office has assisted the Wheat Producers' organization in providing information on the wheat prices by radio and press, twice weekly.

The federation has investigated benefits available to the farmer, through the Workmen's Compensation coverage and has relayed this information to farm groups. They now have a committee to act in advisory capacity with the compensation board.

The Ontario Federation is attempting to solve some of the problems of rural assessment and taxation, following through with research on the subject.

The federation has assisted commodity groups in seeking support prices and has endeavored to secure better marketing conditions and prices on numerous commodities.

It has actively promoted cooperative insurance and has assisted in promotion of farm forum and folk school work. It has attempted to carry on a public relations program between farmers and consumers, industry and labor.

## McMaster President Speaks At Church Anniversary Service

The 130th anniversary services of the Christian Baptist church, Newmarket, were held on Sunday, Nov. 9. At both services, Dr. George P. Gilmour, president of McMaster university, was the guest speaker.

In the morning, preaching from Psalm 84, "What is man, that Thou art mindful of him?" Dr. Gilmour explored the various motives for this question as it appears in the Psalms, in Job and in Hebrews. He contrasted the dignity given to man in Psalm 8 with the sense of man's failure in Hebrews 2:8. His theme was that man was declared capable of having dominion over the works of God's hands in Psalm 8. In Hebrews, it is frankly admitted that "dominion" has not been achieved. Man has failed in particular to achieve mastery over himself.

In Hebrews, however, the idea of "the Son of man" is introduced, showing how this phrase had developed from the early idea of son of man as merely equivalent to "man" to the point where, in the New Testament, it refers to a "representative" or ideal man. Thus Jesus is "Son of man" in a special sense and

The Hope Hobby club will meet at the home of Mrs. Donald Scott on Tuesday, Nov. 18, at 2 p.m. Instruction on tatting will be given. Roll call, "This saved me money."

Lunch committee will be Mrs. S. Boyd, Mrs. G. Bond, Mrs. C. Morrison, Mrs. H. Wright, Mrs. W. Taylor.

## VANDORF

The 50th anniversary of Wesley United church Ladies Aid was held at the church on Wednesday, Nov. 5, with a noon luncheon and program. The tables were beautifully decorated in white and gold with about 150 members and ex-members in attendance. It proved a very successful event.

Congratulations to Mr. James Oliver who celebrated his 80th birthday on Sunday, when Mr. and Mrs. Herbert Oliver, Miss Ruth Oliver and Miss Sylvia Smith were dinner guests and presented him with a lovely gold watch and chain.

Mr. and Mrs. Norman Burns, Toronto, and Mr. and Mrs. Elmer Wells, Stouffville, were Sunday visitors with Mr. and Mrs. Wilfred Lundy.

Mr. and Mrs. Robt. Brown and boys had Sunday tea with Mr. and Mrs. Jack Preston.

Mr. and Mrs. Grant Morley and Billie had Sunday dinner with Mr. and Mrs. Ralph Atkinson, Richmond Hill.

The Vandorf W.I. members are invited to attend a tea and bazaar in the Oddfellows' hall, Aurora, on Saturday, Nov. 15, sponsored by the Gormley W.I.

The regular monthly meeting of the Vandorf branch of the W.I. will be held in the hall on Wednesday, Nov. 19. Other surrounding branches are invited to attend.

## Farm Forum Findings

Farm forum meetings were held on November 3. The topic under discussion was "Farming as a Career".

The Mount Albert meeting was held at the home of Murray Stokes. J. McDonald was the discussion leader. The next meeting will be held at the home of Herb Harmon.

The Mount Albert forum decided:

(1) That it would be necessary for a young man to have a few hundred dollars saved up before he started farming. He should also be interested in animals and like working with them and be interested in the farm.

(2) That a man with a wife who has no interest in the farm might as well quit farming as it is very hard for a man to farm alone. It isn't as necessary for a woman to work at the barn since there is so much more machinery and hardly any milking done by hand these days. Farming can be a pleasure the same as any other job. Co-operation is the main thing.

The Newmarket East meeting was held at the home of William Bales. Next meeting will be held at the home of Sheldon Walker. They decided:

(1) The first and most important point regarding the first question is that the young man in question should definitely like farming and have some knowledge of farm management. He should reconcile himself to the fact that there will always be a rise and fall in prices. He should be physically able and by all means have sufficient capital. Also some means of obtaining credit. Credit will not take the place of a minimum capital.

(2) Members were well in agreement on the second question. If the farmer's wife takes no interest in farming and does not care for such life, then he might just as well give up and go into some other line of business.

OIL PROSPECTORS HAVE A LONG WAY TO GO

BEFORE THEY EQUAL GRAIN GROWERS IN VALUE OF PRODUCTION

Publicity about the oil boom in Western Canada has led many Canadians to lose sight of the relative values of oil and grain as a source of wealth. Hon. C. D. Howe, trade minister, produces some figures to show that grain growing is still the largest single factor in the Canadian economy and that it will outrank oil production "for many years to come". Mr. Howe forecast a \$1,800,000,000 grain crop this year and compared that to the value of the oil produced in the same period — \$120,000,000. The grain crop this season is expected to add up to the largest in history, 651,000,000 bushels. The second largest was in 1928 when 545,000,000 bushels were harvested.

## King City And District

**Mrs. Laura Melling, Phone 8, correspondent**  
**Formerly of King City**  
 In the vestry of Angus Roman Catholic church, on Tuesday morning, Nov. 4, at 8 o'clock, Constance Evelyn Winter, daughter of Cpl. Reginald Winter and Mrs. Winter, became the bride of Cpl. Kenneth McNeil in a ceremony performed by Rev. Father Lyons. Mrs. Anne Polier was matron of honor and Frank Bonner the groomsmen.

The young bride was attired in a grey suit, with black and white plush hat and black accessories. She wore a corsage of red roses. Mrs. Polier chose a green and black taffeta dress, grey felt hat, matching accessories and a corsage of pink roses. The bride's mother wore green taffeta, black hat and accessories and a corsage of yellow mums.

In the evening a reception for over 100 people was held at the Winter home, represented by army personnel from Camp Borden. The waiters came from the army mess hall. Many beautiful wedding gifts were received by the young couple who left for Cape Breton, Nova Scotia, for a honeymoon at Dominion, where Mr. and Mrs. Rodney McNeil, the groom's parents reside. When the newlyweds return, their home will be made with the bride's mother at Angus. In February, Cpl. McNeil will go to the battlefield in Korea.

After the wedding ceremony, the bride couple and Mrs. Winter came to King City for a short time, enroute to Sunnybrook hospital where they visited Mr. Winter who was unable to be at the wedding. They returned to Angus afterward in time for the wedding reception that evening. Congratulations are extended to the couple as Connie and her parents were residents of King for some time before they moved to Angus.

**Mail Carrier**  
 Harold O'Brien, 5th concession of King township, has been appointed temporarily as mail carrier for R.R. 3 King. He will also take mail from the post office to the train. Frank Gambrell retired from the route earlier in the fall after serving 34 years. Bob O'Reilly has been serving in the meantime. Mr. O'Brien takes over next week.

**Nobleton School Wing**  
 Ratepayers of Nobleton school section witnessed the official opening of the school at a ceremony performed by Reeve Elton Armstrong, assisted by Mr. R. J. McTaggart. The official opening was held on Friday evening, Nov. 7, with Mr. McTaggart as chairman. Open house was held and the new classroom and the renovated building was acclaimed for its modern construction.

Co-operation and ability to accomplish the project in a short time was the keynote of the remarks of various speakers, who complimented the school board on the fine two-room school which has 60 students and two teachers.

The school has twice had two teachers with an intervening space of 25 years under one teacher. In 1863, a two-room frame building served the district until 1927. As the enrollment fell behind, one of the classrooms was closed and one teacher engaged. In 1930, the unused part of the building was taken down, and the remaining part was improved.

Fortunately S. S. 10, which is two and one-half miles long by three miles wide, has a high assessment, from good farm lands and a prosperous community. When Nobleton was pioneered, the children walked to Kleinburg for their schooling. Later a log school house was built on the ninth line a mile south of the little hamlet. This was used until 1863.

Mr. McTaggart and Newton Pringle received their education at Nobleton. Mr. Pringle recalls when he commenced there were 60 pupils in the junior room, and "R. J." tells of young men and women coming to school in the winter months. It was a proud moment for Mr. McTaggart the middle of June, and the new room was ready by the first of November.

When Councillor Wm. Hodgson spoke of the decision of S. S. 10, to build a permanent addition, at a ratepayers' meeting a year ago, he complimented George Oldfield, Forrest McTaggart and Walter Hill, the trustees board on the expediency of the project. "Within a few months, \$500,000 in debentures will have been raised in the township for school purposes, including what has been raised for Aurora district high school," he said.

Wilbert Jennings, Temperanceville, who heads the boys' sports activities for K.C. Lions club, is endeavoring to arrange for a bantam hockey league. Nobleton arena would be the home ice.

Mrs. Jack Fraser, Sr. and her daughter, Mrs. Joan Sisson of Concord, spent part of Saturday at the home of her son, Jack Fraser, Jr. King eldermost east. Mrs. Fraser was making ready for household effects, preparing to move to King City.

**Going to Graduate**  
 A going-up ceremony for waltz at the First King pack, who

was organized several years ago. Beginning a new season, June Brown is president; Betty Lou Cunningham, secretary and Nancy Patton, treasurer.

**New Group in Church Club**  
 St. Andrews' Presbyterian church club has reorganized as an Explorers' group. Conducting a group of 12 children in Bible study, Sunday school work and handicrafts are Donald McCollum and his wife Daisy, assisted by Rev. D. C. Witherspoon. They meet every second Friday evening at the Presbyterian manse at King City and last week they had a colored film on Africa.

The annual thankoffering meeting of Eversley Presbyterian W.M.S. will be held at the home of Mrs. Fred Curtis, Wednesday afternoon, Nov. 19, with Maple and Richmond Hill societies as guests. Miss Ruby Walker, regional secretary of Toronto Presbyterian will be guest speaker.

Eversley church W.A. will sponsor the annual bazaar and afternoon tea on Friday, Nov. 28, in the basement of King United church, to be opened officially at 3 p.m. by Mrs. Fred Curtis, vice president. At a meeting of the group, Nov. 5, at the home of Mrs. Frank Armstrong, third line, arrangements were completed. Mrs. Len Shropshire gave the devotions and Miss Lily Anderson offered prayer.

Convening the apron and fancy goods counter is Mrs. T. Williams; miscellaneous, Mrs. Art Bovair; home baking and candy, Mrs. F. Curtis; touch and take table, Mrs. Scott Bovair; fish pond for children, Mrs. Norman Wade and Mrs. Ross Bovair; tea table, Miss Lily Anderson, assisted by Mrs. Specht, Mrs. H. Neill and Mrs. John Larkin. Because of illness Mrs. Albert Jones, the president will be unable to attend the event.

Mrs. Alex Campbell is taking a course in boy club work, at Thornhill, which will fit her to become assistant to cub mistress Mrs. Mary Hood. Mrs. Campbell will fill the post vacated by Jack Hamblay. She held an L.A.V. rank with the R.C.A.F. for three years during the last war.

Alex Campbell and Gordon Smith spent a few days on a deer hunting expedition at North Bay arriving home during the weekend. Alex has become associated with an R.C.A.F. auxiliary squadron and goes to the R.C.A.F. station, Toronto, several times each month where he is in charge of instructors who are teaching air frame and aero engine mechanics. Mr. and Mrs. Smith came from Port Arthur after they bought a home on William St. Mr. Smith is an accountant with the Lands and Forests department at Maple.

Mrs. W. A. Carson spent the weekend with her sister, Mrs. Widdfield, Newmarket, and visited her sister, Mrs. Howard Pegg and her mother, Mrs. Robert Graves at Sharon.

Mr. and Mrs. Fred Curtis went to Bolton on Saturday to see Mrs. Bud Badger who is under the care of a Toronto specialist for a serious throat trouble.

Mrs. Ernest Tietz, Sarnia, paid a few days' visit in these parts last week. She came to her sister's, Mrs. Pickering McQuarrie, Vaughan township and had a little time at the home of her cousin, Mr. Jesse Richards, also with Miss Winnifred Boys and her mother, Laskay, and Mrs. Fred Boys, Oak Ridge.

Mrs. Tietz, the former Merle Hamilton of Laskay and several local friends were given a "Laskay" reunion dinner at the home of Mrs. Ken Blanchard, Richmond Hill, who was also a former Laskayite, Sunday, Nov. 2.

Mr. and Mrs. Adam Davidson, Rosemary and Heather visited her parents, Mr. and Mrs. George Tiffin at Toronto on Sunday. Ralph Tiffin, aged 11, a brother of Mrs. Davidson, was on a Toronto television program singing Christopher Robin in the "Now is your chance" contest, November 6. Anyone hearing the program could send votes to the station in favor of Ralph's ability and winning possibilities.

**Kingeracts at Aurora**  
 Craft groups of Kingeracts Guild will be among those showing handicrafts at the Hobby Show to display arts and crafts at Aurora, Sat. No. 18, at the United church, afternoon and evening. Leather work, smocking, weaving and rug work will constitute a booth at the show. Mrs. J. P. Norris will demonstrate rug work and there may be a demonstration in spinning. Mrs. E. B. Phair, Mrs. Bob Benson and Mrs. Ernest Rolfe are convening for the local display. Mrs. J. P. Phair, display convenor of Kingeracts is unable to act this time.

**Speaks On Conservation**  
 King City Lions Club had the pleasure of hearing Stanley Hudson, public relations representative of the Maple branch of the provincial lands and forests, when he spoke on the part service clubs can play in fostering and promoting conservation of wild life and forests. He was introduced by George Armitage, his associate.

Mr. Hudson and Mr. Armitage showed two colored movies. One was a forest fire, caused by thoughtlessness, with its damaging results. The other, entitled High Over the Border, pictured different types of birds in migration.

Miss Mary Joan Walker has become leader of the Chris' Auxiliary of All Saints' Anglican church taking over from her mother, Mrs. Ross Walker who held the position since the group

## Kettleby News

The W.A. and W.M.S. of the Kettleby United church met in the hall Tuesday evening, Nov. 4, with the president, Mrs. L. V. Heacock conducting a short business meeting for the W.A.

Mrs. Wm. Hodgson presided over the W.M.S., assisted in the worship period by Mrs. N. Blitchford and Mrs. R. Jewett. Mrs. T. Proctor favored the meeting with a solo "Teach me to pray."

Mrs. Robert Graham introduced the new study book for this year "Along African Trails" by David H. Gallagher. The United church mission field is in Angola, which is a little larger than Ontario and with slightly greater population. It is governed by Portugal and all missionaries must learn Portuguese.

There is a parable of the piano keys which says "You can play a tune of sorts on the black keys and you can play one of sorts on the white keys, but for harmony you need both so are the

black and white people both needed. Where once the missionaries' task was just to preach the gospel, he must now also be prepared to teach agriculture, carpentry, health and train the Africans to minister to their own people.

Rev. Robert Graham conducted the election of officers and the following were elected for 1933.

President, Mrs. G. W. Cambourne, first vice, Mrs. H. Burns; second vice, Mrs. Wm. Hodgson; secretary, Mrs. J. Maghann; assistant, Mrs. A. Marshall; treasurer, Mrs. J. Leppard; supply secretary, Mrs. C. Black; assistant, Mrs. J. Archibald;

Stewardship, Mrs. E. Blitchford; community friendship, Mrs. Wm. Hodgson; citizenship and monthly, Mrs. A. Marshall; mission band superintendent, Mrs. H. Burns; pianist, Mrs. M. Cook; assistant, Mrs. Ray Marshall; press, Mrs. L. V. Heacock.

## Mother, Young Children Flee Burning Home, 5th Con., King

While her husband, Vincent Cain, was attending Mass at Sacred Heart church on Sunday morning, Mrs. Marguerite Cain, 26, and their three children, Mary 4, Margaret Anne 2-1/2 and Alice, one year, fled their burning farm home, 5th concession, King township, when fire broke out in the staircase wall during the forenoon.

The loss, estimated at about \$10,000 was partly covered by insurance. The blaze was believed to have been caused by an overheated hot air duct.

Mrs. Cain attempted to haul out some of her dining room furniture but the smoke was too dense. It was mainly concentrated upstairs but was getting to the lower part of the house. Taker little one, the brave young woman, put them outdoors. There was no telephone in the house so she ran 40 rods to the roadway for help. Frank Steffin, a neighbor happened along. He went back to his house to telephone Aurora fire department and then attempted to break the staircase wall and throw water on the inside. He and others were driven back by smoke.

He had notified Vincent Cain at the church, a half mile away and the pastor and the congregation which was just dismissed, hurried to the scene. They were able to get out a deep freeze,

an electric stove, a table and other pieces of furniture on the first floor of the solid brick house.

Most of the house could have been saved had the Aurora fire department been able to pump water from the 50 ft. well. The pump does not draw up water which is lower than 18 or 20 ft. and the water was only about 7 feet high from the bottom of the well. The fire truck tank of 500 gallons of water and the eastern were exhausted. The truck had to go nearly a mile to Humber River at Kinghorn for water.

By the time they returned, the blaze was out of control. Only three walls remain and the building is a total loss to Mr. Cain.

Vincent Cain had all equipment to put in a bathroom and water pressure system this fall. He has lumber with which he can rebuild but at the moment was too stunned to know what he would do. Fortunately the barn and crop, the farm stock, and implements were saved from taking fire by the brigade which stayed at the scene over four hours.

"All my life I've wanted to own a Buick"

Illustrated—Buick Super 2-Door Riviera

It seems that owning a Buick is something that a lot of folks dream about—plan for—and finally do.

We say that because, so many times, they say so in words like those above.

Those words make us happy, of course—happy to know we sell a car which means so much to those who own it.

But they make us feel a bit sad as well—sad to realize all the years of fun such folks have been missing for no good reason at all.

For the fact is this: If you can afford any new car, you can afford a Buick.

You can afford the thrill of bossing around that big Fireball 8 Engine that purrs forth a mighty flow of power.

You can afford the gas bills—as any owner of a 1932 Buick will tell you—because

that high-compression, valve-in-head marvel gets a lot of miles from a gallon of fuel.

You can afford the extra luxury of a real million dollar ride—the silken smoothness of Dynaflow Drive\*—the extra room and comfort and style that have made the name Buick synonymous with motoring at its very finest.

So if you want to own a Buick—there's just one thing to do: Come in—pick the one of your choice—and let us show you

how close the figure that goes on the bill of sale comes to what you'd pay elsewhere.

As we've said before, your first car can be a Buick. Why not take the Big Step now?

A GENERAL MOTORS VALUE

Equipment, accessories, trim and models are subject to change without notice. \*Dynaflo Drive and Wheel Crets standard on Roadmaster, optional at extra cost on other Series. Power Steering now available on Super as well as Roadmaster—optional at extra cost.
